Within the scope of its activities, **ADVANTAGE AUSTRIA** of the Austrian Federal Economic Chamber holds **AUSTRIA CONNECT** conferences. These are conferences with specialist presentations aimed at networking managers of Austrian branches in the host country, local Austrian entrepreneurs, local partners of Austrian companies as well as new investors / new exporters from Austria with an interest in the local market. Both companies in the host country and Austrian companies are eligible to participate.

Invoices are issued directly by the respective Advantage Austria office by means of a **statement of costs ("Kostenvorschreibung")**. If an AUSTRIA CONNECT Conference is to be promoted in Austria in combination with a market exploration tour/ future market tour ("Marktsondierungs-/Zukunftsreise"), the MET participation fees of the Austrian participants are to be invoiced by the Service GmbH (attendance at the AUSTRIA CONNECT Conference is included in the MET participation fee as part of the programme).

Participation is subject to the following conditions:

1. GENERAL

- 1.1. AUSTRIA CONNECT Conferences are organised by the Austrian Federal Economic Chamber, subject to sufficient company interest. A minimum number of applications is required for the event to go ahead; as a guideline, approximately 20% of the Austrian companies with an investment in the host country should attend.
A separate registration is required for each participant (see also sections 2 and 6).
- 1.2. If the promotion carried out by ADVANTAGE AUSTRIA does not produce the required number of registrations, ADVANTAGE AUSTRIA reserves the right to cancel the AUSTRIA CONNECT conference.

2. PARTICIPATION

- 2.1. In addition to the executives of Austrian branches in the host country, local Austrian entrepreneurs and leading representatives of local partners of Austrian companies, all member firms of the Austrian Federal Economic Chamber are eligible to participate.
- 2.2. Registration for participation in an AUSTRIA CONNECT conference must be submitted to the organising office (Advantage Austria office) prior to the registration deadline using the appropriate form.
- 2.3. Persons who register a third party for an event explicitly declare that they are authorised to make this registration and will submit a corresponding declaration of consent under data protection law.
- 2.4. Registrations will be considered in the order in which they are received and depending on the available places. Registrations received after the registration deadline can only be considered in accordance with the remaining places available.
- 2.5. An application submitted in due time does not constitute a claim for admission to the AUSTRIA CONNECT conference.
- 2.6. The application becomes binding only upon acceptance by the Austrian Federal Economic Chamber. This acceptance is made by way of confirmation on the condition that the registration fee (see section 4) is paid in due time.
- 2.7. De-minimis aid: With their registration, the participants confirm their compliance with the [de minimis guidelines](#)
- 2.8. For **online events**, the following applies:
 - It is the participant's responsibility to ensure the technical requirements for the event are met before registration and are in place for the event. Double checking access to the event at least 5 minutes prior to the start is highly recommended. First-time participants should check access at least 30 minutes prior to the start so technical support is still available. The organizer is not liable for refunds if technical problems, connection difficulties, or lack of required technical equipment on the part of the participant occur.
