

CONDOR High Tech Parts

Your specialist for machined parts

- Machined parts
- Assemblies
- Welded constructions
- Sheet metal parts

Specialization: East Europe

- CONDOR is an Austrian company, which has specialised for more than 25 years in the procurement of parts in Eastern Europe
- Cooperation with manufacturers in whole Europe

- Slovakia
- Czech Republic
- Slovenia
- Croatia
- Bosnia
- Italy
- Austria
- Germany
- Hungary
- Switzerland

Performance spectrum

- Design & developement
- Material procurement and production
- Continuous production improvement
- Quality management (ISO 9002, ISO 14001)
- Order processing and administration
- Warehousing
- Transport logistics
- Component Management

Automatic and CNC machined

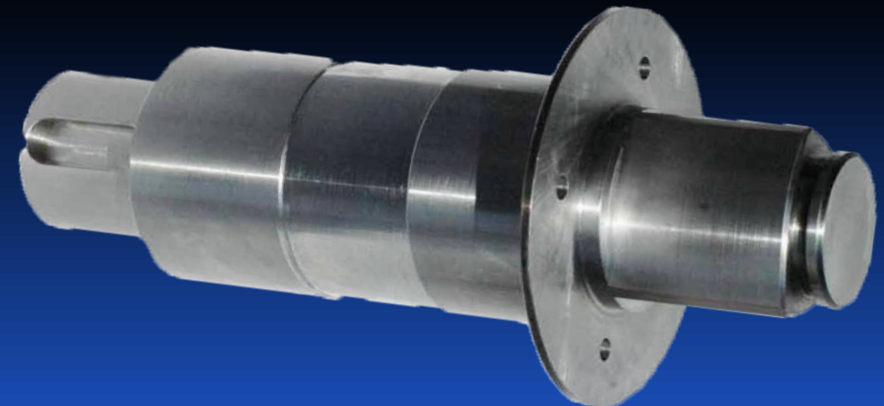

Our production includes turned parts:

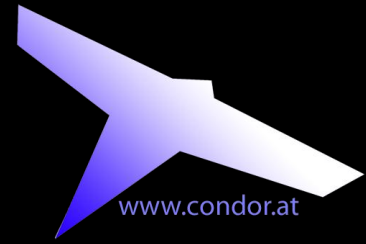

- up to 80 mm diameter from bar
- up to 1.400 mm diameter from chuck
- long turned parts up to 50 mm diameter
- milled parts

All machinable materials and all common surface treatments like:

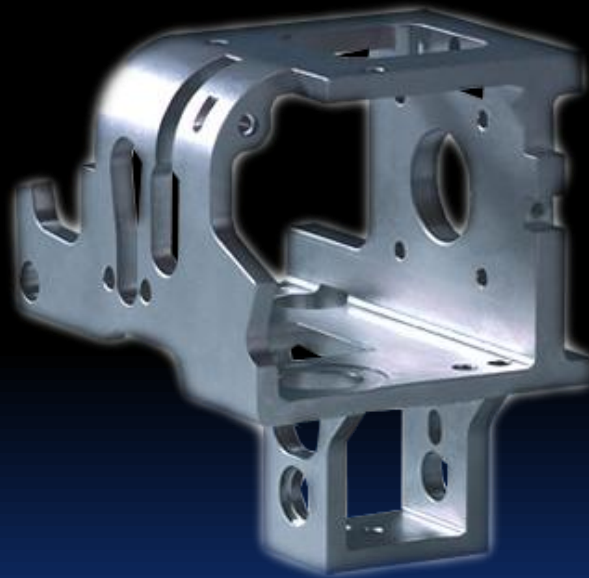

- hardening
- grinding
- galvanizing / electroplating
- painting / powder coating
- Etc...

Machining center parts

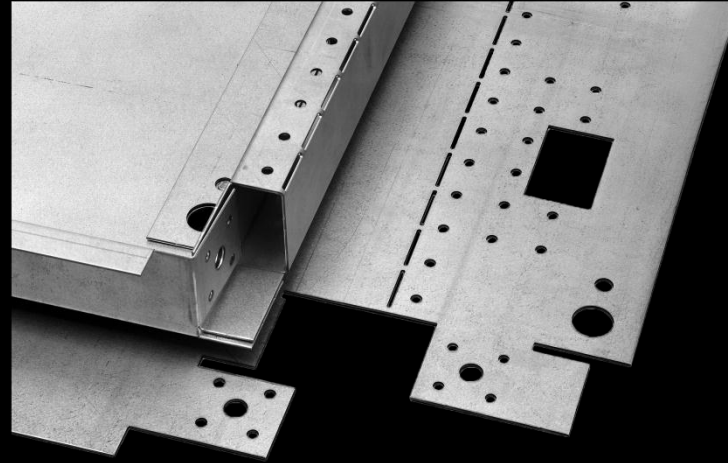

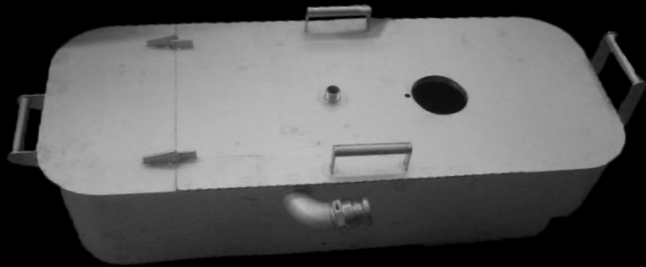

- from steel, aluminium, stainless, etc...

Sheet Metal Parts

■ Control cabinets

- Stand alones
- Wall mounted
- Control desks
- EMV cabinets

Weldings

- Medium and mass production series
- Steel, aluminium, stainless...
- Parts sand-blasted, painted or powder coated
- incl. pressure testing, bending test and helium leak testing, etc

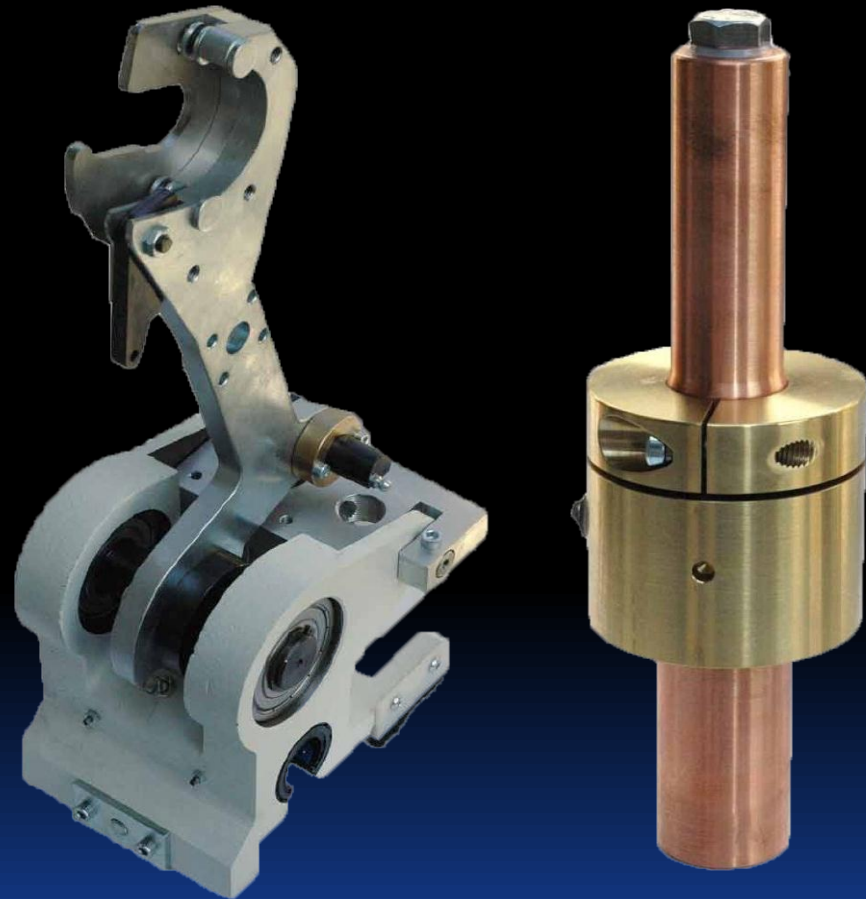

Assembling

Assemblies according customer demand

- CNC machined
- Machining centers
- Lasercutting
- Casting
- Standard parts

Manufacturing and assembly
