Official visits and bilateral agreements between Austria and Hong Kong SAR build strong foundations for a closer cooperation.

Vienna Chamber of Commerce and Industry
<https://www.wko.at/>

Dr Alexander Biach
Deputy Director
T. +43 1 51450 1230
E. alexander.biach@wkw.at
<https://www.linkedin.com/in/alexander-biach-a919b0200/>

Ms Monica NG
Chief Representative (China)
@ Austrian Trade Commission
T. +852 2522 2388
E. viennachamber@advantageaustria.org
<https://www.linkedin.com/in/monica-ng-28ba2ab/>

The Vienna Chamber of Commerce & Industry (VCCI) represents and supports the interests of Viennese companies in all issues. State-of-the-art medicine and affordable access to high quality care and health services combined with excellent research and innovative enterprises make Vienna a global leader in healthcare. Dr. Biach was the Chairman of the Federation of Austrian Social Insurance and implemented many important reform projects, making him known as a proven expert on healthcare systems. He has been appointed as the anchor for the key topic "Health Metropolis Vienna" in the city's "Economic and Innovation Strategy 2030" which will implement a series of future projects in the healthcare industry.

PremiQaMed Group
<http://www.premiqamed.com/>

Austrian Association for Private Health Care Facilities
<https://www.wko.at/branchen/tourismus-freizeitwirtschaft/gesundheitsbetriebe/>

Dr Julian HADSCHIEFF
Chief Executive Officer
T. +43 1 586 2840 104
E. julian.hadschieff@premiqamed.at

PremiQaMed is the leading provider of private healthcare in Austria, employing approx. 2,000 employees. With more than 30 years of experience, PremiQaMed hospitals and outpatient clinics stand for leading-edge technology and modern standards of care. As a "one-stop-shop" PremiQaMed hospitals offer a broad spectrum of medical services – from birth to advanced age - from highly modern diagnostics, out-patient treatment to complex surgery, post-operative therapy, and physical rehabilitation.

Mr Hadschieff is also the Chairman of the Austrian Association of Private Health Care Facilities at the Austrian Federal Economic Chamber WKO representing the interest of over 2,000 members (incl. private old age care facilities, clinics, rehabilitation clinics and wellness facilities) towards government and providing services for this group.

AME International GmbH
<https://www.ame-international.com/>

Dr Olegas NIAKSU
Head of e-health
T. +43 1 5035979
E. o.niaksu@ame-international.com
<https://www.linkedin.com/in/niaksu/>

AME International is a global healthcare technology solution provider. Its role as an independent system integrator is a global pioneer in implementing highly complex systems, such as seamless and fully integrated Digital Health solutions incorporating electronic health records across all levels of healthcare providers, ranging from primary clinics to tertiary hospitals. It also provides consulting and hospital engineering services ranging from health system analyses, hospital planning and maintenance in order to provide a sustainable development of hospital facilities.

Austrian Federation of Social Insurances
(Umbrella organization for statutory health, accident and pension insurances in Austria)
<http://www.sozialversicherung.at/>

Mr Christoph ZAKOSTELSKY
Office of the Directorate General
T. +43 1 71132-7337
E. christoph.zakostelsky@sozialversicherung.at

The Austrian Federation of Social Insurances is the umbrella organization for statutory health, accident and pension insurances in Austria with approx. 8.5 million people insured. The umbrella organisation is also responsible for countrywide digitalization and e-Health initiatives (e-prescription, e-vaccination record and electronic patient record), statistics as well as for the reimbursement of pharmaceuticals products.

BlueSky Immunotherapies GmbH
<http://www.bluesky-itx.com>

Mr Michael TSCHEPPE
Chief Financial Officer
E. m.tscheppe@blueskyvaccines.com
<https://www.linkedin.com/in/michael-tscheppe-774b413a/>

BlueSky Immunotherapies GmbH is a biotech company in Vienna. The company's focus is on the discovery and development of next generation immunotherapies using its own proprietary novel interferon-inducing viral vector technology platform. The technology is based on a safe, genetically modified influenza vector (delNS106) that induces a strong immune response and can overcome the immunosuppression created by cancers. Moreover, the vector can express tumor-specific antigens to stimulate specific immunity against different types of cancer, thus opening the door to a promising treatment option that acts on several levels. BlueSky Immunotherapies team is looking for Venture Capitalists, Investors and Business Angels here in Asia.

Danube Private University
<http://www.dp-uni.ac.at/en/home>
