AUSTRIAN WINE 
The Art of Wine. Down to Earth.

AUSTRIAN WINEGROWING REGIONS

AND THEIR PROTECTED DESIGNATIONS OF ORIGIN FOR REGIONALLY TYPICAL WINE (DAC)

Welcome to the Austrian Wine Stand!

Please use this opportunity to meet 18 outstanding Austrian Wineries and taste through Austria's quality, sustainably produced wines from a diversity of regions and varieties. At the Austrian Wine stand, you can discover our wine culture and a great wine selection from wineries present and not present at Vinexpo.

Enjoy our flagship Grüner Veltliner, indigenous varieties such as Roter Veltliner, Gemischter Satz, Zweigelt, and Blaufränkisch, as well as our successful international varieties and hidden treasures like sweet Wines.

A big “Merci!” to the Vinexpo team, who have become good friends and have shown an innovative spirit with the Vinexpo platform in Paris. We wish this format a great success.

During the planning of the tasting, we were able to rely on the expertise of ADVANTAGE AUSTRIA, under the project management of Franz Ernstbrunner and his team and the architect Klaus Baumgartner. In addition, I would like to thank my team – especially Anika Riegler and Mary Fritz – for their efforts in this major project.

The biggest thanks, however, go to all those who visit our Austrian Wine booth. We look forward to bringing you closer to the world of Austrian wine!

Cheers

"GSTK"	= Wines from the most prized vineyards defined by the Association "Steirische Terroir- und Klassikweingüter" with extended maturation ("Grosse STK-Lage").

Logos

Sustainable Austria
= Certification system for sustainably produced wine in Austria

EU Bio
= European certification for organic products

Type 1: Perlweine & Sekte

Austria can look back on a venerable tradition of sparkling wine, one that dates back to the 19th century. Our specialists in the sparkling sector include private producers, as well as large Sekt houses. Whether Sekt g.U. at the Klassik level or the traditionally vinified pétillant naturel (Pét Nat), these wines are ideally suited not only to the classic role of apéritif but also prove their versatility as dinner-table companions. Fruit and refreshment share the foreground in these easily drinkable light sparklers (Perlwein) and Sekts.

Type 2: Sekt Méthode Traditionelle

Traditional bottle fermentation is the most time-consuming and costly process for making sparkling wine: it takes a lot of time, and the typical ‘riddling’ of the bottles during ageing is often performed by hand. Austria’s top products – especially Sekt g.U. Reserve and Grosse Reserve – are produced according to this method. The result turns out as characterful and highly elegant Sekts, which do not need to fear any international comparisons.

Type 3: White wines - classic & refreshing

Classic white wines from Austria get top marks for their freshness and fine acidity – which they combine with considerable elegance in a middleweight frame. These can be found in all our winegrowing regions: refreshing and regionally typical Grüner Veltliner & Riesling from the regions along the Danube River, peppery Weinviertel DAC, delicious Wiener Gemischter Satz DAC, classic Weissburgunder & Chardonnay from Burgenland or spicy Welschriesling & Sauvignon Blanc from the Steiermark. Youthful wines such as Junger Österreicher, Steierischer Junker or Junger Wiener are the first to appear on the calendar in the classic & refreshing category, and can be tasted soon after the harvest.

Type 4: White wines - powerful & opulent

These stars of Austrian white wine culture are vinified dry, exhibiting body and extract, opulence and concentration. In addition to the majority of classically elaborated wines, here you will also find wines matured in barrique with a bit of an international accent. Among the elite one finds single-vineyard wines vinified from Grüner Veltliner and Riesling (like Smaragd bottlings from the Wachau), and top wines from regions along the Danube or from the Weinviertel. Other very distinctive vinous personalities include robust Zierfandler and Rotgipfler from the Thermenregion, as well as complex Weissburgunder and Chardonnay from Burgenland. This category is rounded out by the great single vineyard wines from the Steiermark (Sauvignon Blanc, Morillon, Weissburgunder & Grauburgunder), as well as specialties such as Neuburger, Roter Veltliner and the Gemischter Satz from Vienna.

Type 5: Rosé wines

Rosés are produced in all winegrowing regions of Austria and assume many forms: charming, youthful wines from Burgenland, or fresh stylings vinified from Zweigelt and Sankt Laurent in Niederösterreich, all the way to racy Schilcher from the Weststeiermark (some designated as a regionally protected Weststeiermark DAC). Burgenland also has its own protected appellation of origin for fruity-fresh and spicy rosé wine: Rosalia DAC Rosé.

Type 6: Red wines - classic & elegant

Red wines in the classic style – with *élevage* either in large wooden cask or steel tank, with typical Austrian fruit but also plenty of depth, without being too high in alcohol – which express the typicity of their origins, with elegance and an inviting nature. Zweigelt plays an important role, since it grows quite happily in almost all viticultural regions – though Carnuntum comes up first here – and classically vinified Blaufränkisch can also be convincingly distinctive. This group is rounded out by specialties such as Sankt Laurent, Blauburgunder (Pinot Noir), Blauer Portugieser & Blauburger.

Type 7: Red wines - intense & opulent

These are red wines that possess opulence, concentration, complexity and depth, vinified either as single varietal wines or as *cuvées*. Even with aging in *barriques*, these top wines are characterised by the typical depth of fruit characteristic of their *terroir*. The premiere destination for red wines of this sort is Burgenland – although top red wines can also be found coming from Carnuntum, the Thermenregion or even Vienna. It is satisfying to note that our typical Austrian grape varieties such as Blaufränkisch & Zweigelt might even do just a bit better here than classics like Pinot Noir and the international varieties Cabernet & Co.

Type 8: Alternative wines

A precise definition of ‘Orange Wines’, ‘Artisan Wines’ or ‘Natural’ wines – often referred to collectively as ‘Alternative Wines’, does not exist. What they have in common, however, is that they often develop as far as possible without human intervention during their process of becoming wine. Owing to oxidative development and/or extended maceration time, the white wines will also develop a distinct tannin structure – and even some colour from the skins – in combination with fresh acidity and earthy fruit. Growers who produce exceptional wines in these new – or actually old – ways can be found in all of Austria’s winegrowing regions.

Type 9: White wines - off-dry & medium-sweet

Wines in the upper Spätlese or Auslese class rank among the most ageworthy wines in Austria. In their youth they exhibit a great deal of finesse, combined with supple residual sweetness and a lively interplay between fruit and acidity. The palette ranges from Muskat Ottonel or Welschriesling from Burgenland, via (Gewürz)Traminer from the Steiermark, Grüner Veltliner and Riesling from various winegrowing regions, to the great Spätlese or Auslese vinified from the specialty varieties Zierfandler and Rotgipfler in the Thermenregion.

Type 10: Nobly sweet wines

These include Beerenauslese and Trockenbeerenauslese, as well as the classy and refined Ruster Ausbruch. These rare sweet wines are characterised by ample residual sugar and highly concentrated acidity, usually in conjunction with the distinctive aroma of noble rot (*Botrytis cinerea*). Such wines continue to develop in an exciting way over a long period of time and have great ageing potential – and Austria plays here in the Champions League. Eiswein with expressive, luxuriant fruit and sizzling acidity – as well as Strohwein and Schilfwein, which exhibit flavour profiles between *Botrytis* and Eiswein – also belong to this category.

The family winery Müller is located in the southern Kremstal wine region in the picturesque village of Krustetten. The vineyards reside in the hills surrounding the Göttweig Abbey and extend upstream the Danube valley to the Wachau. Diverse soil and micro-climatic conditions in the vineyards, require to care for every vineyard individually and to fully understand each site in relation to soil, exposure and grape variety. The Müller family's philosophy is to work in harmony with nature in a sustainable manner. Considering these important factors the grapes are given the highest chance to mature. These grapes build the perfect foundation for excellent white and red wines.

Winzer Krems is one of the most significant producers of estate bottled quality wine in Austria. Its origins go back to the oldest wine growers association of central Europe founded in 1447. Until today Winzer Krems guarantees the highest quality standard and maintains wine as a valuable cultural asset.

According to this tradition the grapes are mainly handpicked. Winzer Krems specializes in two unique Austrian grape varieties: Grüner Veltliner (white) and Blauer Zweigelt (red). State-of-the-art equipment is used to extract the juice most carefully by pneumatic presses and to ferment under controlled temperature. The results are fine fruity wines with pronounced varietal character and pureness.

Weingut Forstreiter, in possession of the family since 1868, is located in Hollenburg- Krems, one the southbank of the Danube River.

In the meantime, Weingut Forstreiter has grown to nearly 54 hectares. where they primarily grow and vinify Grüner Veltliner in all its various shapes and sizes – crisp, lively wines as well as supple, almost Burgundian bottlings with a creamy texture. In addition, Forstreiter produces elegant Rieslings, a fine Sauvignon Blanc and the particularly delicious & inviting Gelber Muskateller, accompanied by velvety reds from Zweigelt, Sankt Laurent & Pinot Noir, which are marketed successfully all over the world.

Weinkellerei
Lenz Moser®

Lenz Moser Winery is Austria's biggest wine marketer, producing around 14 million bottles per year from 2,700 hectares of vineyards- 5% of the Austrian winegrowing area. We produce wines at the Lenz Moser winery in Rohrendorf and we operate two other vineyards for our exclusive On-trade wines, Klosterkeller Siegendorf in Burgenland and Malteser Ritterorden in Mailberg.

With several product lines in our assortment, we sell the majority of our wines to On- and Off-trade on the domestic market but we have also a significant export and you will find our wines in more than 20 countries around the world.

E: office@domaene-wachau.at

W: <https://www.domaene-wachau.at>

Contact: Mag. (FH) Roman Horvath MW

Domäne Wachau, lead by Roman Horvath MW and Heinz Frischengruber, has developed into one of the top-wineries in Austria, with an excellent range of Wachau wines that beautifully reflect origin. World-famous vineyards such as Achleiten, Kellerberg and Singerriedel are just a part of the wealth of top sites managed by Domäne Wachau. The work of the vintner families is of crucial relevance to the entire winery. With many of these families active for several generations on the steep terraces of the Wachau, they know the special features of each vineyard plot. Through their loving attention to detail combined with enormous experience, they ensure that there is ecological balance, promote the diversity and increasingly rely on organic farming.

The power of three

Three generations, three siblings, three spirits united: Maria, Ewald and Christian have found common ground in the family-run business in the western part of the Weinviertel region: wine. Whether in the vineyard, the wine cellar or in sales, each sibling concentrates on what they love and know best at the Gruber Röschitz winery. Wonderfully crisp Grüner Veltliner, fruity Riesling and delicately balanced St. Laurent and Pinot Noir grow in the organically cultivated micro-cosmos in Röschitz, Lower Austria. Granite, loess and clay soil as well as an airy and warm climate ensure unique freshness and minerality with fruitiness on the palate. The harmonious family atmosphere, combining traditional knowledge and new ideas, lends the wines a unique and harmonic character.

W: <http://www.mo-unchained.at>

Contact: Martin Obenaus

Agent: TOA - tastes of austria

I'm Martin Obenaus from Glaubendorf in Weinviertel. I love working my vineyards and interacting with the creatures that live around them. "Unchained" is my credo in all aspects. Farmed biodynamically, my vineyards shall once again turn into an ecosystem in which interventions become less and less necessary. I protect, support, let nature take its course, I unchain it. Hunting shapes the environment in a similar way as winegrowing. It might seem unusual to strive for a development in which the hunter becomes dispensable and the nature is unchained. But so does my will to return to winegrowing the way our ancestors used to do it – the low intervention way. I have taken this path which will be a never-ending one. The ecosystem changes every year but so do we.

Agent: TOA - tastes of austria

Rudi Rabl is happy about the traditional history of his family winery, dated back to 1750. The love for nature and grapes, the ecological work in the vineyard with herbal plants and the knowledge of the professional processing ensure an excellent quality of the different types of wine. In the basement, modernity is combined with traditional values. Ecology is an important factor and the winery has been certified as "Sustainable Austria" since 2015. Among the highlights of the awards in recent years is the "White Wine Maker" of the Year 2019 at IWSC in London, the two Decanter Trophy Winners Grüner Veltliner Dechant and Riesling Steinhaus, as well as the 2017 regional winner in the Riesling and Sauvignon Blanc categories. In addition, the winery was awarded "Winery of the Year" in Kamptal

Agent: TOA - tastes of austria

The Mittelbach family's Tegernseerhof, located in Unterloiben, just below Dürnstein, boasts a tradition dating back to the year 1002. The original facilities were built in 1176 by the Benedictine community of the Tegernsee Abbey. Today, Martin Mittelbach is the sixth generation of owners and the current part of this history. The name has been preserved, like the ancient knowledge of viniculture, passed on from one generation to the next. The vineyards are located on the best slopes of the Wachau region. The Tegernseerhof is a member of the exclusive association "Vinea Wachau", therefore the vinification follows the strict regulations of the "Codex Wachau".

Contact: DI Erwin Tinhof

Agent: TOA - tastes of austria

Erwin Tinhof owns vineyards in Eisenstadt, that grow on the slopes of the Leitha Mountains. The grapes nurtured are indigenous varieties, and this has been so for 11 generations. The 18 hectare estate is cultivated in tune with local nature; Erwin Tinhof practises dry farming and does not apply any use of insecticides or herbicides, nor artificial fertilisation, to any of his vines. The estate vineyards are up to 55 years old, and contain grape varieties that are virtually completely Austria, such as the white Neuburger, Weißburgunder (Pinot blanc) as well as the black varieties Blaufränkisch and Sankt Laurent. The wines are produced from estate vineyards and following a hand harvest and winemaking with minimal Intervention, the wines are bottled in Tinhof winery.

Organic not because it is fashionable, but because we have been living it for 35 years. Because we do not like chemistry, not in the environment, not in the water, not in the food and after all not in the wine. On healthy soil do not only grow vital grapes but also more exciting wines; especially if the development of wine in the cellar is given free rein to.

Our way: Bio-dynamic

Circular economy: selfmade compost as fertilizer and conditioner, herbs grown in the own vineyard as retreat area and habitat for useful creatures as well as the basis of our extracts. Individual wine-growing maturing: fermentation of partial amounts in the amphorae, intercellular fermentation and sulfur-free storage of the Numen wines; adding of berries picked by hand to the fermentation of the Reflexion wines.

Fuhrgassl-Huber

‘Excellent wine is the product of good soil, tried and tested know-how as well as creative oenological visions. These are the roots for any further refinement!’ Ernst Huber and his wife Gerti interpreted the Viennese Heurigen in the 1970’s new and laid the vineyard’s foundations. His grandson, 30 Years old Thomas holds up the family’s commitment with competence and enthusiasm. He first won gold 2011 with 20. Producing typical, regional wines, not losing balance in between quality, environment and modern technology. His care is for indigenous varieties and Gemischter Satz. The winery works 38 hectares in Vienna’s. Thomas Huber and his team are proud of the heritage and working for the estate for further development in the future, writing another page of history in this area.

Contact: Mag. Doris Sutter

The work and success of Doris and Leopold Sutter is closely related to the natural management of their vineyards and the wines' careful maturing process. Their wine is characterized by careful pruning, controlled foliage, preservation of the vines, water-saving soil treatment and gentle manual work.

The assortment of Doris and Leopold Sutter is characterized above all by their Veltliner variety; Grüner Veltliner, Roter Veltliner and Frühroter Veltliner. All Veltliner grapes are grown and harvested from lime-rich soils, making the wines rich in minerals and taste mature. Other grape varieties are Riesling, Sauvignon Blanc, Gemischter Satz, Blauer Burgunder and Blauer Zweigelt.

Doris and Leopold Sutter export their wines all over the world.

As a relatively young winery, which produced its first drop of wine around the end of the noughties, we do not have a long history and are therefore also under no obligation. That means we are free. We like to move away from the mainstream and to back independent, authentic wines. Organic, sustainable and fair farming is not something we spend a long time talking about – we just get on with it. True to our motto “No tricks. Just wine.” we leave our wine as far as possible as it is: with no unnecessary technology and processing. Ultimately, we simply want to serve our customers good, pure wine – no more and no less.

Bründlmayer manages vineyards in the best locations around Langenlois. All of the vineyards have been cultivated sustainably since 1979 and in a biological-organic fashion since 2015. Among the Grüner Veltliners are stars like "Loiserberg", "Lamm" and "Käferberg". Among the Rieslings "Steinmassl" competes with the elegantly structured "Heiligenstein". The "Alte Reben" and "Lyra" of the Heiligenstein embody terroir and concentration. Hugh Johnson quotes "Bründlmayer Brut" as "Austria's Best Sekt". Zweigelt, Pinot Noir and Chardonnay belongs to Bründlmayer's acclaimed specialities as well as the rare sweet wines. "Almost every wine, from the lightest Grüner Veltliner to the red wine and the sparkling wine has what it takes to be the best of the vintage in its category." (Falstaff)

Schloss Gobelsburg is the oldest winery in the Danube appellation Kamptal with a documented viticultural history dating back to the 12th century. Cistercian monks from Burgundy received their first vineyards in 1171. Today the estate is concentrating on the typical expressions of the Danube appellations in all categories (regional, village, single vineyard). Beside the classical Danube wines, the estate is producing a few specialities like quality sparkling wine (4 cuvees), a few red wines based on the Pinot family and some sweet wines. Another speciality is historical winemaking which is the content of the Tradition wines. The estate is member of the association 'Österreichische Traditionsweingüter', who is establishing a vineyard classification system in Austria.

Weingut **Stadt Krems**

As early as 1452, Weingut Stadt Krems emerged from possessions of the Bürgerspitalstiftung. Accordingly, the company is one of the oldest existing wine estates in the world. Today, the winery is owned by the city and thus belongs to the citizens of Krems. As a member of the Österreichische Traditionsweingüter © (ÖTW) it is in the favor, to cultivate the most important single vineyards of Austria. All 43 hectares of vineyards lie within the city limits. Historic single vineyards such as the Schreck, the Wachtberg and the Grillenparz are the ideal soil for great wines. The focus for the grape varieties, as intended for the Kremstal DAC origin, is with Riesling and Grüner Veltliner.

Contact: Marion Wohlmuth

Since 1803 the Wohlmuth family has been dedicated to the cultivation of wine. Wohlmuth is a synonym for outstanding rich and complex wines, which express the special terrain of Kitzeck: steep slopes, schist soil, a microclimate with a great variation in temperature and a limited handpicked yield. Gerhard Wohlmuth an enthusiastic, nationally and internationally trained winemaker has succeeded year after year in producing award winning wines on national and international level.

W: <http://www.zantho.com>

Contact: Mag. Thomas Gratzner

Importer: DVin

Zantho is a Joint-Venture of Austrian star-vintner Josef Umathum with Wolfgang Peck and stands for fine, classic wines out of Austrian grape varieties. The winery produces red, white and sweet wines on 70ha of vineyards in the "Seewinkel"- region. Zantho wines are exported by nearly 50% into the whole world and are regularly awarded for their high quality level. More information can be found on www.zantho.com
