

AUSTRIAN WORLD SUMMIT 2021

The preparations for the AUSTRIAN WORLD SUMMIT on July 1st in Vienna are in full swing and the motto HEALTHY PLANET – HEALTHY PEOPLE is more relevant than ever. We will once again have guests from around the world joining us in person, via video message or live broadcast to discuss concrete solutions, that make our world a better and healthier place to live. Matt Iseman, famous American comedian and TV host will be this year's master of ceremony at the side of our moderator of many years Melinda Crane. Arnold Schwarzenegger has already received his vaccination in the US and will be able to team up with Austrian Federal President and Alexander Van der Bellen and Austrian Chancellor Sebastian Kurz personally in Vienna. We have guests joining us - partly in person, like Vice-President of the EU Commission Frans Timmermans or COP26 President Alok Sharma, - partly digitally, like German Chancellor Angela Merkel, Jane Goodall or Paul Watson, founder of the Sea Shepherds. We will also welcome former ski racer Felix Neureuther in person and cyclist Peter Sagan via video message at this year's Summit. In addition to the keynotes and the high-level segment, the [program](#) includes exciting panels on the topics of health and climate change, green economic recovery and the power of consumers with experts such as Michael Ryan from the WHO, economist Kate Raworth and transformation researcher Maja Göpel. The health and safety of all participants is once again a top priority this year. For this reason, Dr. Hans-Peter Hutter from MedUni Vienna will once again be providing specialist medical support for the conference. Together with him, a comprehensive Corona safety concept will be developed.
