AUSTRIA. ENVIRONMENTALLY CONSCIOUS

© Austrian Wine/www.pov.at

Environmental protection, biodiversity and the responsible use of natural resources have always been important concepts in Austria. Furthermore, strict legal provisions, combined with small, family-run wineries, result in a strong drive to preserve the ecosystem and ensure suitable conditions for future generations.

For the past few decades, Austria's agricultural policy has had a strong environmental focus, including strict regulations and subsidies aimed at erosion control and avoiding the use of herbicides and insecticides. Thanks to organic winegrowing being particularly widespread, together with the "Nachhaltig Austria" (Sustainable Austria) certification Austria is a global leader in terms of environmentally conscious viticulture.

CERTIFICATIONS AND PRODUCTION METHODS

27% of area
under vine

Nachhaltig Austria (Sustainable Austria)

"Nachhaltig Austria" logo

Founded by the Austrian Winegrowers Association (Weinbauverband Österreich), this label is awarded to sustainable wine producers. Around 380 measures across nine categories (climate, raw materials, energy, soil, biodiversity, water, quality and both social and economic factors) are assessed using a unique, scientifically developed online tool. Producers enter their own data for evaluation. Certification is awarded if the winery meets the (continually rising) targets in the tool and passes an inspection by an external body.

24% of area
under vine

Organic Viticulture

The "EU organic" logo

The "EU organic" label guarantees the quality of products grown in compliance with the guidelines of the EU organic production regulation. Compliance is assessed annually by officially accredited inspection bodies. Organic viticulture centres around the promotion of healthy soil by advocating responsible soil cultivation methods and plant protection products of natural origin, with the aim of strengthening the resistance of the vines. The use of herbicides, synthetic chemical pesticides and genetic engineering is prohibited.

3% of area under vine
14% of all organically
cultivated vineyards

Biodynamic Viticulture

"Demeter" logo

"respekt-BIODYN" logo

Biodynamics is rooted in the work of the Austrian anthroposophist Rudolf Steiner and revolves around the fundamental principle of a self-contained, self-sufficient farming cycle. Two associations in Austria, Demeter and respekt-BIODYN provide members with guidelines on growing wine biodynamically. Organic certification is a prerequisite. Although Demeter operates internationally, Demeter Austria sets additional targets. Founded in Austria, respekt-BIODYN represents members in 4 countries who strive to produce wine of the highest individuality and quality.

GO = Goldburger	RR = Riesling	

Further abbreviations

AL = Alcohol

RS = Residual sugar

AC = Acidity

TYP = Wine types - explanation see page 3

TBA = Trockenbeerenauslese

Ried = Legally defined single vineyard site

“1ÖTW” = Wines from the best vineyards, defined by the Association “Österreichische Traditionsweingüter” (“Erste Lage”). Classification not anchored in the Austrian wine law.

“1STK” = Wines from premium vineyards defined by the Association „Steirische Terroir- und Klassikweingüter“ (“Erste STK-Lage”). Classification not anchored in the Austrian wine law.

“GSTK” = Wines from the most prized vineyards defined by the Association „Steirische Terroir- und Klassikweingüter“ (“Große STK-Lage”). Classification not anchored in the Austrian wine law.

Type 1: Perlweine & Sekte

Austria can look back on a venerable tradition of sparkling wine, one that dates back to the 19th century. Our specialists in the sparkling sector include private producers, as well as large Sekt houses. Whether Sekt Austria (PDO) of the basic category or the traditionally vinified petillant naturel (Pét Nat), these wines are ideally suited not only to the classic role of apéritif but also prove their versatility as dinner-table companions. Fruit and refreshment share the foreground in these easily drinkable light sparklers (Perlwein) and Sekts.

Type 2: Sekt Méthode Traditionelle

Traditional bottle fermentation is the most time-consuming and costly process for making sparkling wine: it takes a lot of time, and the typical ‘riddling’ of the bottles during ageing is often performed by hand. Austria’s top products – especially Sekt Austria (PDO) Reserve and Grosse Reserve – are produced according to this method. The result turns out as characterful and highly elegant Sekts, which do not need to fear any international comparisons.

Type 3: White wines - classic & refreshing

Classic white wines from Austria get top marks for their freshness and fine acidity – which they combine with considerable elegance in a middleweight frame. These can be found in all our winegrowing regions: refreshing and regionally typical Grüner Veltliner & Riesling from the regions along the Danube River, peppery Weinviertel DAC, delicious Wiener Gemischter Satz DAC, classic Weissburgunder & Chardonnay from Burgenland or spicy Welschriesling & Sauvignon Blanc from the Steiermark. Youthful wines such as Junger Österreicher, Steierischer Junker or Junger Wiener are the first to appear on the calendar in the classic & refreshing category, and can be tasted soon after the harvest.

Type 4: White wines - powerful & opulent

These stars of Austrian white wine culture are vinified dry, exhibiting body and extract, opulence and concentration. In addition to the majority of classically elaborated wines, here you will also find wines matured in barrique with a bit of an international accent. Among the elite one finds single-vineyard wines vinified from Grüner Veltliner and Riesling (like Smaragd bottlings from the Wachau), and top wines from regions along the Danube or from the Weinviertel. Other very distinctive vinous personalities include robust Zierfandler and Rotgipfler from the Thermenregion, as well as complex Weissburgunder and Chardonnay from Burgenland. This category is rounded out by the great single vineyard wines from the Steiermark (Sauvignon Blanc, Morillon, Weissburgunder & Grauburgunder), as well as specialties such as Neuburger, Roter Veltliner and the Gemischter Satz from Vienna.

Type 5: Rosé wines

Rosés are produced in all winegrowing regions of Austria and assume many forms: charming, youthful wines from Burgenland, or fresh stylings vinified from Zweigelt and Sankt Laurent in Niederösterreich, all the way to racy Schilcher from the Weststeiermark (some designated as a regionally protected Weststeiermark DAC). Burgenland also has its own protected appellation of origin for fruity-fresh and spicy rosé wine: Rosalia DAC Rosé.

Type 6: Red wines - classic & elegant

Red wines in the classic style – with élevage either in large wooden cask or steel tank, with typical Austrian fruit but also plenty of depth, without being too high in alcohol – which express the typicity of their origins, with elegance and an inviting nature. Zweigelt plays an important role, since it grows quite happily in almost all viticultural regions – though Carnuntum comes up first here – and classically vinified Blaufränkisch can also be convincingly distinctive. This group is rounded out by specialties such as Sankt Laurent, Blauburgunder (Pinot Noir), Blauer Portugieser & Blauburger.

Type 7: Red wines - intense & opulent

These are red wines that possess opulence, concentration, complexity and depth, vinified either as single varietal wines or as cuvées. Even with aging in barriques, these top wines are characterised by the typical depth of fruit characteristic of their terroir. The premiere destination for red wines of this sort is Burgenland – although top red wines can also be found coming from Carnuntum, the Thermenregion or even Vienna. It is satisfying to note that our typical Austrian grape varieties such as Blaufränkisch & Zweigelt might even do just a bit better here than classics like Pinot Noir and the international varieties Cabernet & Co.

Type 8: Alternative wines

A precise definition of ‘Orange Wines’, ‘Artisan Wines’ or ‘Natural’ wines – often referred to collectively as ‘Alternative Wines’, does not exist. What they have in common, however, is that they often develop as far as possible without human intervention during their process of becoming wine. Owing to oxidative development and/or extended maceration time, the white wines will also develop a distinct tannin structure – and even some colour from the skins – in combination with fresh acidity and earthy fruit. Growers who produce exceptional wines in these new – or actually old – ways can be found in all of Austria’s winegrowing regions.

Type 9: White wines - off-dry & medium-sweet

Wines in the upper Spätlese or Auslese class rank among the most ageworthy wines in Austria. In their youth they exhibit a great deal of finesse, combined with supple residual sweetness and a lively interplay between fruit and acidity. The palette ranges from Muskat Ottonel or Welschriesling from Burgenland, via (Gewürz)Traminer from the Steiermark, Grüner Veltliner and Riesling from various winegrowing regions, to the great Spätlesen or Auslesen vinified from the specialty varieties Zierfandler and Rotgipfler in the Thermenregion.

Type 10: Nobly sweet wines

These include Beerenauslese and Trockenbeerenauslese, as well as the classy and refined Ruster Ausbruch. These rare sweet wines are characterised by ample residual sugar and highly concentrated acidity, usually in conjunction with the distinctive aroma of noble rot (*Botrytis cinerea*). Such wines continue to develop in an exciting way over a long period of time and have great ageing potential – and Austria plays here in the Champions League. Eiswein with expressive, luxuriant fruit and sizzling acidity – as well as Strohwein and Schilfwein, which exhibit flavour profiles between *Botrytis* and Eiswein – also belong to this category.

Importer: Bancroft Wines

Weingut Bruendlmayer is located in Langenlois, Kamptal, around 50 miles northwest from Austria's capital Vienna, where the Danube and the Kamp valleys meet. All of the vineyards have been cultivated sustainably since 1979 and in a biological-organic fashion since 2015. Among the Grüner Veltliners are stars like Ried Loiserberg, Ried Lamm and Ried Käferberg. The great Riesling site Ried Steinmassl competes with the elegantly structured Ried Heiligenstein. The "Alte Reben" version of Ried Heiligenstein embodies terroir and concentration. Hugh Johnson quotes "Bründlmayer Brut Reserve" as "Austria's Best Sekt". "Almost every wine, from the lightest Grüner Veltliner to the red wine and the sparkling wine has what it takes to be the best of the vintage in its category." (Peter Moser, Falstaff)

T: +43 2734 3678

E: weingut@weszeli.at

W: <https://www.weszeli.at>

Contact: Davis Weszeli

Importer: Bancroft Wines

The Weszeli winery is located in one of the most exciting wine-growing regions in Austria. Langenlois in the Kamptal is not only geologically very diverse, climatically it is also at the intersection of different zones of influence.

30 hectares of vineyards are cultivated according to biodynamic principles. Handicraft is very important to the winemaker Davis Weszeli.

Terroir wines are aged in the cellar for at least 3 years to give them stability and longevity. They are only released when they have reached their first peak of maturity. Wines full of character with a high enjoyment factor are the result of the work.

The winery is in the process of converting to biodynamics according to Demeter guidelines and the wines are certified organic and vegan.

This family-run winery cultivates about 44 acres of vineyards in and around the village of Loiben. Nearly a third of these are planted in stone-terraced sites. In addition to the main varieties Grüner Veltliner and Riesling, Gelber Muskateller and Gelber Traminer are especially dear to the family. Chardonnay and Pinot Noir are completing the assortment. The best known crus are Schutt, Loibenberg, Kellerberg, Trum and Kreutles, and, in the nearby Kremstal, Pfaffenberg. Amongst classical, dry Wachau wines, dessertwines from the elegant style of Auslese wines to highly concentrated TBA's are produced, since the weather conditions allow. All Smaragd-type of wines are bottled and launched after aging in old, wooden casks, not before September of the following year.

As a relatively young winery, which produced its first drop of wine around the end of the noughties, we do not have a long history and are therefore also under no obligation. That means we are free. We like to move away from the mainstream and to back independent, authentic wines. Organic, sustainable and fair farming is not something we spend a long time talking about – we just get on with it. True to our motto “No tricks. Just wine.” we leave our wine as far as possible as it is: with no unnecessary technology and processing. Ultimately, we simply want to serve our customers good, pure wine – no more and no less.

The family-run winery Steininger is situated in Langenlois in the Kamptal Valley. Lower Austria is well-known for the Grüner Veltliner and this is also the strength of the winery. Grüner Veltliner represents about 80% of their production. It can be found in different styles, from a light summer wine to powerful and voluminous full bodied wines as well as dessert wines. The Steininger winery is also well known for their sparkling wines which are produced according to the traditional method. Excellent base wines and vigilant second fermentation are the keys to obtaining great sparkling wines. All of the sparklings are single vintage and single varietal and represent their typical varietal characteristics: Grüner Veltliner, Sauvignon Blanc, Riesling, Muskateller, Traminer and Zweigelt in red.

Since 1656 our family is producing wine and for all this time the wines are characterized by the passion and handcraft of the vintner. Tradition and innovation are the central idea of the winery, well shown in the cellar that was built as a gravity only system. Our wines show profile, character and reflect the vintners passion as well as the soil where they are coming from.

We are proud to be awarded by various companies in Austria and abroad:

The Haimerl Winery in Gobelsburg: Wine Passion in the 7th Generation

In the Weingut Haimerl 1829 in Gobelsburg (Langenlois) steeped in tradition, a representative of the seventh generation is now at the helm: Johannes Haimerl, the “wine tinkerer” with attention to detail. His vineyards bear great names such as “Spiegel”, “Redling” and “Haid”. In the contrasting microclimate of the Kamp Valley, the leading varieties of the winery – Grüner Veltliner and Riesling – feel particularly at home. The diversity of the soil – from loess to gravel – creates classic varietal wines full of character. In the cellar, patience, modern technology and old winemaking knowledge bring forth expressive wines with personality.

Allram has been one of the leading wineries of the Kamptal for decades, with holdings of Riesling and Grüner Veltliner in the famous vineyards of Heiligenstein, Gaisberg and Renner. For the owners Michaela and Erich Haas-Allram, the main factor of producing exceptional wines is to be found already in the vineyards. The cellar is now run by Lorenz, the new generation. His goal is to harvest the very best fruit, show real varietal character and to produce wines with intensity and finesse. Riesling thrives in Lorenz's hands, with the 2016 Gaisberg winning 97 pts at the International Wine Challenge in London receiving the white wine trophy.

Importer: Seeking representation

The vineyards of the Eitzinger family are located on a hillside overlooking Langenlois and the vineyards of the Kamp Valley. The third generation of the Eitzinger family cultivates 15 hectares of vineyards in the best locations around Langenlois. Anton Eitzinger, a vintner by passion, focuses on optimizing the ideal combinations of soil and grapes and on maintaining strict quality management. Thanks to state-of-the-art vinification methods - whether temperature-based fermentation in stainless-steel tank, classic fermentation in oak barrels or in a barrique we are producing fine, varietal wines and exquisite cuvees. Quality throughout and the recognition of experts smooth the way for new wines to reach connoisseurs even beyond the confines of Austria.

"If you love what you do, you will be successful! " According to this principle, Birgit Eichinger managed to work her way up to the top within a short time. She has made herself a name as one of Austria's few female vintners and is featured in many wine magazines.

Birgit Eichinger loves wines having vigor and elegance. In addition, she seeks individuality and character. For her the greatest challenge is to make her wines recognizable hallmarks. She is indeed convinced:

Great wines originate in the head and in the heart!

„The best Job in the world“, says Erwin Winkler, owner and winemaker of the winery Erwin Winkler, about his work in the vineyard and winery, situated in Gedersdorf, Kremstal, lower Austria.

Focused on Grüner Veltliner in all its diversity, based on the different soil, but also attention to Riesling, Gelber Muskateller or Neuburger are fundamental values of the company.

Tradition and the individual identity of our single vineyards are the most markable characteristics of our family run winery, which will be converted to organic standards in 2023.

Winzer Krems is one of the most significant producers of estate bottled quality wine in Austria. Its origins go back to the oldest wine growers association of central Europe founded in 1447. Until today Winzer Krems guarantees the highest quality standard and maintains wine as a valuable cultural asset.

According to this tradition the grapes are mainly handpicked. Winzer Krems specializes in two unique Austrian grape varieties: Grüner Veltliner (white) and Blauer Zweigelt (red). State-of-the-art equipment is used to extract the juice most carefully by pneumatic presses and to ferment under controlled temperature. The results are fine fruity wines with pronounced varietal character and pureness.

Importer: Seeking representation

The family winery Müller is located in the southern Kremstal wine region in the picturesque village of Krustetten. The vineyards reside in the hills surrounding the Göttweig Abbey and extend upstream the Danube valley to the Wachau. Diverse soil and micro-climatic conditions in the vineyards, require to care for every vineyard individually and to fully understand each site in relation to soil, exposure and grape variety. Operating the winery since 3 generations, has let the Müllers accumulate the necessary knowledge about the sites. The Müller family's philosophy is to work in harmony with nature in a sustainable manner. Considering these important factors the grapes are given the highest chance to mature. These grapes build the perfect foundation for excellent white and red wines.

Franz Tuerk: "When you quit improving, you quit being good."

Our family winery is situated in an idyllic landscape just a few kilometres north of the Danube River.

Our family's dedication to cultivation of wine reaches back to the 18th century. We rise to the challenges of yearly differentiations in climate with sensitivity and an experienced hand. The conscientious cultivation of traditional regional grape varieties and the practice of sustainable principles without compromise are essential our mission. The combination of solid craftsmanship, tradition and modern technology bring unique wines with distinctive complexity and elegance, which reflect the unique microclimate and soil of the Krems Valley. These wines represent a living and inimitable cultural heritage.

Weingut Stift Göttweig can refer to almost 1000 years of tradition, because the Benedictine abbey has existed since 1083 and with it the vineyards on the slopes of the Göttweiger Berg.

Today, there lies a responsibility for the care of the vineyards, for the vinification and marketing of the wine from the Göttweig Abbey with Fritz Miesbauer. As a member of the Österreichische Traditionsweingüter (ÖTW), it is a privilege to cultivate 30 hectares of top vineyards. The vinification of the wines of Göttweig Abbey takes place in the cellar of Weingut Stadt Krems.

Historical vineyard sites such as Gottschelle, Pfaffenberg and Silberbichl are the ideal soil for great wines. The focus of the grape varieties is, as intended for the Kremstal DAC origin, with Riesling and Grüner Veltliner.

Discover the exceptional wines of Preiss, a fifth-generation family estate in Austria's Traisental, one of the smallest yet most distinctive wine regions. Specializing in Grüner Veltliner and Riesling, their grapes are grown on steep, terraced vineyards carved into the hills over centuries. At Preiss-winery, every bottle reflects a commitment to sustainable farming, healthy soils, and the exceptional cool-climate conditions that shape the character of their wines. The result? Wines with elegance, a solid backbone, vibrant spice, and a pure minerality that speaks of the land. Their 2022 Ried Berg Grüner Veltliner, recently awarded an IWSC Wine Trophy 2024, is a testament to their dedication to quality and craftsmanship.

Importer: Alliance Wine Company Ltd.

The Mittelbach family's Tegernseerhof, located in Unterloiben, just below Dürnstein, boasts a tradition dating back to the year 1002. The original facilities were built in 1176 by the Benedictine community of the Tegernsee Abbey. Today, Martin Mittelbach is the sixth generation of owners and the current part of this history. The name has been preserved, like the ancient knowledge of viniculture, passed on from one generation to the next. The vineyards are located on the best slopes of the Wachau region. The Tegernseerhof is a member of the exclusive association "Vinea Wachau", therefore the vinification follows the strict regulations of the "Codex Wachau".

Domäne Roland Chan: One Family. One Philosophy. One Passion.

Domäne Roland Chan is an award-winning, boutique winery in the heart of the Wachau, cultivating dry wall terraces across Achleiten, Klaus, Bach, and Höll. Our wines express the purity of this world heritage region. We are certified sustainable and proud member of Vinea Wachau. Our accolades include three consecutive trophies at the Hong Kong International Wine & Spirits Competition and Top 25 recognition by James Suckling in 2023.

With our dedication to preserving the terroir, the wines are crafted with minimal intervention, letting the region's mineral-rich soils and microclimates shine. From the steep terraces of Ried Bach to the historic Ried Achleiten, each bottle tells the story of Wachau's unique landscape

Craftsmanship, terroir, and precision are the key values under the leadership of Roman Horvath MW & Heinz Frischengruber. In close partnership with their vigneron, respect for nature and the soil dominates the hard work in the steep vineyards. With over 150 hectares of organic vineyards, Domäne Wachau is Austria's leading wine estate with organically cultivated vines. Organized into small parcels and worked mainly by hand, each vigneron cultivates less than two hectares on average — allowing them to focus on the needs of the individual plot. The wines from grand single vineyards (ried) such as Achleiten or Kellerberg reflect their unique origins & deliver a distinctive puristic style, with both depth and freshness. This is a next generation Wine Cooperative, as found nowhere else on Earth.

STIFT
KLOSTER
NEUBURG

Much has changed since the foundation of Stift Klosterneuburg monastery in the year 1114, but the most essential things have remained the same:

- our symbiotic work with nature
- our respect for humankind and the environment
- our openness for new ideas, and
- our efforts to create unique wines!

Top vineyard sites in three different wine growing regions (Wagram, Vienna, Thermenregion), one of the most fascinating wine cellars going 3 levels into the ground and an unbroken wine tradition of more than 900 years, making us the oldest winery of Austria, are the attributes of Stift Klosterneuburg. As pioneers in the field of sustainability and climate protection Stift Klosterneuburg is Europe's first carbon neutral winery since 2009.

FRITZ SALOMON
GUT OBERSTOCKSTALL

Wines that express the pure life far from traditional classification. The winery Fritz Salomon Gut Oberstockstall is a demeter certified estate where all aspects including vineyards, agriculture and livestock are farmed after bio-dynamic principles.

Located in the Wagram wine Region of Austria, the winery cultivates 14 ha of vines providing a wide range of wine styles and vintages. From Grüner Veltliner, Riesling, Chardonnay and Pinot Blanc to Pinot Noir, Zweigelt, Cabernet Sauvignon and Orange wines, each vintage is different and each wine is a result of mere craftsmanship reflecting the estate's ideas and ideal visions.

The Leth Family Winery was founded 1960 and today, with more than 50 hectares of vineyards, is one of the leading wineries in the Wagram appellation. The unique Loess terroir favors the Grüner Veltliner in particular, it allows to produce wines of distinctive character, driven by the unmistakable handwriting of winemaker Franz Leth jun. A lot of passion is paid to the rare and indigenous variety Roter Veltliner too, the hidden gem of the Wagram area. All wines sourced from the organic as well as sustainable certified vineyards are telling the true story of origin. Fruit driven regional wines, classic village wines and complex, long-lived single vineyard wines, in their category they all count to the best Wagram has to offer.

A winery like no other – A cinematic experience for the palate from the Weinviertel!
Original. Noble. Individual. Organic. Vegan.

For us, tradition and innovation are no contradiction, and sustainability is a matter close to our hearts. Erwin Poller – free spirit and visionary – is a winemaker with his feet firmly on the ground, deeply committed to his craft and his region. He's a light sleeper, always searching for unconventional solutions, a tinkerer with foresight and a strong sense of responsibility for the environment and his community.

In Röschitz, in the western Weinviertel, Erwin creates extraordinary wines. Creative, curious, and passionate, he captures the essence of nature in every bottle – inside and out.

The future remains exciting.

The Gruber Röschitz organic winery is located in the northern Weinviertel and is now run by the 3rd generation by the siblings Maria, Ewald and Christian. The focus is on the Grüner Veltliner, Riesling, Pinot Noir and St. Laurent varieties. Due to its location on the border to the Waldviertel, the vines grow not far from the Manhartsberg on special primary rock soils and in a special climate. The vineyards have been cultivated organically since 2013. The consistent focus on working with nature is also evident in the newly built winery, which opened in April 2024. Natural cooling and a PV system contribute to energy self-sufficiency. Nationally and internationally popular wines should be created sustainably and the typical Weinviertel wine culture should be preserved

With approx. 200 ha of vineyards, Domäne Baumgartner is one of the largest winegrowing estates in Austria. Over the centuries (since 1725), innovation and tradition have paired new experiences with old knowledge and experience to produce top wines. The winery's great strength is thus to produce large quantities of high quality, which is proven by the many awards it has received at national and international wine competitions (e.g. Austrian Winery of the Year 2022 - New York International Wine Competition, Best Producer Austria - Mundus Vini Summer Tasting 2022, 96 points Orange Wine - London IWSC). In addition, Domäne Baumgartner is constantly developing new innovations. For example, there is Grüner Veltliner whose batonnage was produced by music.

Experienced manual labour in the vineyards is the foundation of our wines. All work is carried out under the care of all family members together. We plant the vines, tend the vineyards and pick and select the Grapes by hand. This guarantees cristall clear and exeptional wines. We cultivate 23 ha of vineyards around Herrnbaumgarten in the Weinviertel, concentrating on Grüner Veltliner, but also Riesling, the Pinot varietals and Zweigelt. Grüner Veltliner grows mainly on loess soil, but also on lime stone. Riesling grows on meagre schlier soil with a thin loess cover and the Pinot varietals and Zweigelt are planted in shell limestone and marl. Our wines are vigorous, sustainable and storable reserve wines as well as vivid classics with fine fruits, modern and expressive.

Importer: Lady of the grapes

Michaela Riedmüller owns two of the most exciting vineyard sites around Hainburg an der Donau in Carnuntum: her vineyards on the Braunsberg and the Spitzerberg. From the Braunsberg, characterized by gneiss and granite, she produces elegant, delicate, and cool Blaufränkisch wines. Meanwhile, her Blaufränkisch from the Spitzerberg shines thanks to its fine, dry, and calcareous terroir, offering taut tannins, refined minerality, and a lively acidity. Her "Down to Earth" line is similarly grounded, representing unfiltered, skin-fermented wines aged in wooden barrels, embodying authenticity. Michaela's work is deeply rooted in a careful and respectful approach to nature.

Contact: Johannes Pitnauer

Importer: Central Wines Limited

The history of the Wine Estate Pitnauer is closely linked to the colorful bird bee-eater (Merops Apiaster). When the first breeding pairs settled down in Göttlesbrunn in the late 80s, they inspired the young winemaker-couple Edith and Hans Pitnauer to create their Zweigelt Bienenfresser® (bee-eater), with which they wrote red wine history. The bee-eater has now been nesting in the vineyards of Göttlesbrunn for more than 30 years and is the colorful heraldic animal of the family winery.

Today, son Johannes and his partner Romana continue the family tradition. The 22 hectares of vineyards are maintained sustainable and the grapes are harvested by hand only, to ensure the highest quality. The history of the winery reflects the successful combination of nature, tradition and modern winemaking.

ARTNER

The Artner wine estate encompasses 40 hectares of some of the best wine-growing locations in Carnuntum. This ambitious wine region is located in the eastern part of Austria, close to Vienna. These areas are primarily south-facing slopes and benefit from the climatic influence of the Neusiedler See and the nearby Danube. The Artner wine estate has specialized in Austrian grape varieties such as Zweigelt and Blaufränkisch as well as the white grapes Grüner Veltliner and Chardonnay. These grapes reflect the Carnuntum DAC varieties.

The estate works certified organic and in the year 2018 the winery has joined the Traditionsweingüter Österreich. It is the obligation of Artner to express the characteristics of the territory, climate and grape varieties through the estate wines.

Markowitsch

The district of Carnuntum is developing into a multifaceted winegrowing area. Here, whites from Grüner Veltliner to Chardonnay evolve to top qualities just as much as reds. Gerhard Markowitsch championed particularly consistently during the last years. He is a born all-rounder creating a range of top quality wines distributed equally between both red and white grape varieties. Falstaff Magazine already awarded him the title ☒ Winemaker of the year ☒ in 1999. The wines of Gerhard Markowitsch have been highly acclaimed internationally.

Contact: Johann Waldherr

The Waldherr family has been producing wine for more than 100 years. The Heurigen (typical Austrian kind of restaurant) belonging to the winery was founded in 1925. Today, the brothers Hans and Günter run the business.

The aim is to produce good and interesting wines. In the vineyard we try to pass through organic and sustainable cultivation to produce optimal grape quality. The Heurigen operation and the associated proximity to the customer gives us the opportunity to constantly improve the wines.

Grape varieties: Grüner Veltliner, Welschriesling, Gelber Muskateller, Muskaris, Sauvignon blanc, Pinot Blanc, Chardonnay, Zweigelt, Pinot noir, Blaufränkisch, Syrah, Merlot, Cabernet Sauvignon and Marselan.

Importer: Ellis of Richmond Ltd

Wine has been part of the Esterhazy estate for centuries: The first evidence of Esterhazy viticulture in Burgenland dates to 1612, with cellar records dating back to 1758. For almost two decades, the vinification of the grapes has found a contemporary new home in Trausdorf near the Leithaberg. In 2023, a new important milestone was set with the completion of organic certification. The interplay of different microclimates and the consistent avoidance of irrigation result in expressive cool-climate wines, which are divided into a three-tier pyramid of origin: Regional wine, village wine and single vineyard wine. The result: elegant wines with a mineral character that reflect the uniqueness of the terroir.

Contact: DI Erwin Tinhof

Importer: Haynes Hanson & Clark

Erwin Tinhof owns vineyards in Eisenstadt, that grow on the slopes of the Leitha Mountains. The grapes nurtured are indigenous varieties, and this has been so for 11 generations. The 18 hectare estate is cultivated in tune with local nature; Erwin Tinhof practises dry farming and does not apply any use of insecticides or herbicides, nor artificial fertilisation, to any of his vines. The estate vineyards are up to 55 years old, and contain grape varieties that are virtually completely Austria, such as the white Neuburger, Weißburgunder (Pinot blanc) as well as the black varieties Blaufränkisch and Sankt Laurent. The wines are produced from estate vineyards and following a hand harvest and winemaking with minimal Intervention, the wines are bottled in Tinhof winery.

Importer: Lea & Sandeman Co Ltd

That's what makes the really great winemakers: whether it be a small or huge vintage, you can always rely on them. The Kollwentz family has been a force to be reckoned with at every tasting for years—regardless of the type of vinification or variety.

In addition to the meticulous viticultural work, the winery's success is based on its vineyard holdings. The vineyards on the southern slopes of the Leitha Mountains have illustrious names such as Steinzeiler, Point, Setz, Dürr, Steinmühle, Neusatz, Tatschler, Katterstein and Gloria and are among the oldest and best in the country.

The Kollwentz family cultivates the art of wine production and its philosophies in their purest form: our own vineyards, our own grapes, our own wine.

The winery owns and cultivates 21 ha of vineyards which are mostly located on the south hillsides of the Leithaberg. This place is known for its great varieties of different soils. You've got shell limestone, warm loam, broken clay and even primary rock. The diversity of the soil promotes obviously the diversity of the wines produced.

The winery cultivates on an organic basis, sustaining the local biodiversity. The most important thing on their mind is the quality and health of the grapevine in the vineyard.

In the cellar, the wine gets the time it needs to develop the strengths of its variety and the personality it was harvested for. Many wines ripe on the lees and show the spiciness and minerality, the Leithaberg is known for.

BIRGIT BRAUNSTEIN

www.weingut-braunstein.at

It is not only tradition, it is passion, it is conviction, it is the belief in herself with which many years ago Birgit Braunstein took over the wine-growing business of her family of more than 400 years of wine-growing tradition. 4000 years in close cooperation with nature in Burgenland, a unique landscape on Lake Neusiedl. Lake Neusiedl has been a UNESCO World Cultural Heritage since 13 December 2001. Thus the region shares a mutual heritage with 721 sites worldwide and a common heritage with history, the present day and the future for all of humanity.

In 1996 Birgit Braunstein vinified her first wine and found with it, as she says a moment of real happiness in her life. To show her happiness further, she has placed an Irish four-leaf clover on her etiquettes, Two BB's.

Time is the true soil on which wine grows” is Silvia’s attitude.

Silvia Heinrich's winery is located in Deutschkreutz, in the heart of Burgenland. She relies exclusively on red wine and vinifies on 37 hectares the Blaufränkisch in seven variations. Jancis Robinson noted their wines Burgundian structure and lively character. Numerous national and international accolades testify to the Heinrich family's pursuit of excellence. Following the family motto, "The less, the better," the Heinrichs practice organic cultivation - not as a passing trend, but as a commitment to preserving nature for future generations.

"The most successful winemaker in Austria." (Falstaff)

Importer: Seeking representation

The Lang's keep to themselves what exactly the secret is behind their award-winning winery in Central Burgenland. In any case, they focus on the Blaufränkisch variety and long maturation exclusively in wooden barrels. Because as the saying goes: Good wine takes a "long" time.

Stefan Lang is not called the "Blaufränkisch artist" for nothing. Many great red wines mature on the 30 hectare red winery. After the family restructured the former Streckhof, which was over 300 years old, they combined tradition and modernity here. With a lot of passion from the entire family, a modern red winery was created that uses the "old" and uses new knowledge and methods appropriately and innovatively.

The Kerschbaum Winery produces wines with perfection and responsibility. As Blaufränkisch-pioneers in Austria and ambassador for middle-Burgenland, we produce top terroir-typical wines. Uncompromising quality and the passion for Blaufränkisch distinguish our winery in Burgenland. The mild climate, lots of sun and the special soil in Horitschon influence the taste of our wines, which are among the best red wines in Austria. With the utmost respect and in harmony with nature, we work in our vineyards. In our top locations in central Burgenland, red wine grape varieties such as Blaufränkisch and Zweigelt feel particularly at home. Perfection in all areas ensures wines with maturity and character.

Weingut
JURTSCHITSCH
Langenlois

Tradition and experience knowledge of parents and grandparents is the basis and strength of every family winery. Nevertheless, the future lies in the hands of the young winemakers. Each generation of winegrowers has to discover its terroir anew and interpret it for itself personally.

The research drive of Stefanie and Alwin Jurtschitsch goes far beyond the classic organic guidelines. Thus, intelligent solutions for the future of sustainable farming are sought and researched. Alwin and Stefanie Jurtschitsch produce some of the most exciting white wines in the Kamptal. They are not loud, opulent wines - but understatement is the order of the day. Vibrant and energetic, both the classical Cru wines and their natural wines precisely tell the story of their origin and the winemaker.

Importer: Newcomer Wines Ltd.

With almost 2,000 years of history behind it, Nikolaihof is the oldest winery in Austria, and one of the first in the world to have begun working by biodynamic principles according to the regulations of the Demeter Association.

The principle: Imbue the wine with as much strength and energy as possible, whilst leaving nature to its own devices as far as possible. No herbicides, fertilisers, pesticides or synthetic sprays are used in the vineyards. Instead, the Saahs family uses stinging nettle manure, valerian drops, horse tail tea and its own specially produced homeopathic-style preparations. The grapes are harvested by hand and are fermented without artificial yeast. The estate has been owned by the Saahs family since 1894. The traditional family business runs a total of appr. 50 acres.

Importer: Newcomer Wines Ltd.

Between Eisenstadt and Rust lies the Rosi Schuster Winery in the town of St. Margarethen, located in the heart of Burgenland's Neusiedlersee-Hügelland wine region. The 11-hectare estate is managed by Hannes and Rosi Schuster.

The winery currently focuses exclusively on red wines, primarily Blaufränkisch and Sankt Laurent. The diverse soil types—heavy clay soils with varying levels of loam and limestone in Zagersdorf, and sandy clay soils in St. Margarethen—result in wines that are clear, delicate, and refined.

The winemaking process is kept very restrained, giving the wines the necessary time to develop naturally while aiming to interfere as little as possible in their evolution.

High up in the hills of Leithagebirge in Burgenland, Christian Tschida defines his own visionary style: delicate and characterized by the sheer freshness of minerals derived from his steep, cool vineyards.

Nestled right below the cooling forest, with a 180° exposure to the sun overlooking mirror-like Lake Neusiedl, limestone, schist and quartz play the lead roles in the fascinating transformation of incredible terroir into something drinkable: multidimensional grape juice that shines in the glass with the same purity it grows on the vine.

The complex microcosmos of his high-density vineyards brings Christian's deep-rooted vision of a vertical wine to life: moderate alcohol, lightness and freshness with intense aromatics, high natural concentration and lavish inner tension and strength.

Contact: Regina Triebaumer

Importer: Alpine Wines

The Triebaumers, who have been resident in the beautiful city of Rust since 1691, are far travelled and internationally experienced. They cultivate their historical vineyards close to nature* in an unpretentious way. The wines are real character actors. Long-living, juicy and characterized by a unique frutiness.

The lifeblood flows into Rust's core competence: a collection of Blaufränkisch, Furmint, Yellow Muscat and the world-famous Ruster Ausbruch, a sweet wine with over 500 years of history.

The winery was started by Georg Kiss (pronounced "Giisch") in 1837 - a wine cellar of 20 square meters. Still existing, but not in use now!

Today Rudolf and Verena are the first generation making wine in the main job. They cultivate 10 hectares, all winyards are on the "Leithagebirge", a 301m high mountain with a lot of special soil types. So they can make wines being close to the nature, being influenced by the Neusiedler See and the Pannonian climate.

The result is fantastic wine made by the loveliest people what could be better?

Importer: Alpine Wines

In Austria's most rugged and steepest wine landscape, the Langmann family cultivates their vines—on high altitudes with dizzying slopes. Here, in Western Styria, at the foot of the Koralpe, the cool weather conditions of the Alps and the clear air have a beneficial effect on the vines. For 250 years, the Langmann family has devoted themselves with passion to the indigenous variety Blauer Wildbacher, from which the regionally distinctive rosé wine Schilcher is produced. In addition to Schilcher, the Langmann family has focused on Sauvignon Blanc and sparkling wines, owing to the cool climate and ideal soil conditions of Western Styria.

waldschütz
seit 1849

The winery Waldschütz was established in the year 1849.

1992 was the year where everything changed: Anton, 5th generation of Waldschütz, married Elfriede, whose family ran a winery situated in the region Wagram. After they got married, they saw new opportunities of two regions and one winery. They started to build up a completely new production building and a new cellar. Since Ralph, the 6th generation, is working in the winery, the focus of distribution has shifted more and more to export. Nowadays, the Anton Waldschütz GmbH has reached the perfect size. All the works in the vineyards and the cellar are always overlooked by one person out of the family and all family members are going the same way in one direction. 100% quality and terroir in every single bottle.

Personalities of two nations: Hofkellerei des Fürsten von Liechtenstein.

The princely winery in Wilfersdorf has been in the princely family since the 15th century.

The family's ancestral seat – Schloss Wilfersdorf with the vineyards Karlsberg and Johannesbergen in northeastern Niederösterreich – bears witness to the family's attachment to the region of their origin. Our vineyards in Niederösterreich, on the Leithaberg and in Vaduz bring forth

wines typical of their origins, which offer freshness, finesse and elegance.

Each of our wines makes its own convincing statement with individual, complex characteristics.

The Hagn winery in Mailberg Valley

People in the little hamlet of Mailberg, situated in the Northwest of the Weinviertel have been growing grapes for centuries. The vineyards are located on the slopes of the Kettle valley and provide the perfect protection against the biting north wind, yet also allow for constant sunshine. The annual rainfall in Mailberg measures 500 mm on average. The limestone soil with its clayey sands and in loess contributes to the excellent quality of grapes. This quality is also guaranteed by the authorised seal of quality Mailberg valley. Mailberg has approximately 600 inhabitants.

The Hagn winery is a family business, with 50 hectares of vines, which are located in the best parts of Mailberg.

We are a traditional company with 18 ha vines in Krems, the gateway to the Wachau. Our specialty is the Grüner Veltliner, vinified dry, but also our other varieties such as Riesling, Muscat, Chardonnay and Zweigelt are only from best quality. Especially our famous sand pit location provides us with first-class quality. Since 2006, we process our grapes in a very modern factory building. We now have all the technical possibilities to improve our quality yet. Tradition is very important to us.

Ohne zu sehr in die Komplexität des Weines einzugreifen, geben wir dem Wein viel Zeit, seine Harmonie zu finden. Das Terroir steht im Vordergrund und soll klar vermittelt und nicht geschönt werden. Unsere Leidenschaft ist es, vom Boden und Klima geprägte Weine zu erzeugen.

Wir wollen die Herkunft schmecken! Mit unseren Weinen und auch im Weingarten, gehen wir immer ans Limit bzw. loten wir die Grenzen der Reben sowohl auf den Sandböden des Seewinkels, als auch auf den lehmigen Schotterböden Wiens, jedes Jahr aufs Neue aus.

Jahrgangsunterschiede? Natürlich!! Wir sind keine Fließbandproduktion nach Rezept, sondern von der Natur abhängig. Handarbeit und viel Leidenschaft begleiten uns durch das Weinjahr und machen unser Leben so abwechslungsreich, wie es unsere Weine sind.

Importer: Corney & Barrow

The Kracher winery is situated close to Lake Neusiedl at Illmitz in Burgenland. The vineyards are perfectly placed to benefit from the lake's microclimate, particularly its consistent encouragement of botrytis.

Every year Alois Kracher created 9 - 15 Trockenbeerenauslesen in two different vinification styles:

"Nouvelle Vague" wines are fermented and aged in new French oak barrels and

"Zwischen den Seen" wines are vinified in stainless steel or in big casks.

Today, his son Gerhard manages the winery with the same strength, firm will and consequence as his famous father used to do.

Apart from the world-renowned Trockenbeerenauslese the production range comprises Beerenauslese, Auslese and a small quantity of dry red and white wines.

The rocket is a carefully chosen symbol for our wines. It stands for the journey through time that becomes possible through the enjoyment of strong-charactered wines: The immersion into a passed year, the taste structure of the past handed down through time to the present. Sun, coolness, rain, dryness. But also the overcoming of distances - which good wine masters so well. By the way, you can experience a journey through time of the special kind on board our top wines: with up to 47-year-old vines that encompass some of the oldest vegetative memories of the vineyards of Gols.

Wine drinkers travel through the time of maturity to the year of harvest. But the rocket also stands for adventure, yearning and the eagerness to experiment - three things that mark all great wines.

Importer: North South Wines

Winery Salzl is situated in Illmitz, in-between the lakes and lowlands of the Seewinkel in Austria's most eastern state called Burgenland.

At the winery there are three generations working side by side to develop quality to the maximum and produce self-contained, fruity wines which have unique character and are reflecting the terroir of our vineyards.

75 percent of our whole production is red wine. Our most important grapes are Zweigelt and Chardonnay, both able to grow and ripe to brilliant quality. Not to forget our sweet wines which are typical for our region.

The distinctive silence and wideness of the lowland finds its expression in the softness and warmth of our wines and that is very important for us ☒ to feel and taste where these wines are coming from.

Our winery is a family business and that's what it shall always be. We treat the vines with utmost care, which results in high quality grapes. In the cellar, however, we want to develop further and to link traditional viticulture with modern vinification techniques. Thus we produce harmonious wines with a unique character.

Further importer: H2Vin Ltd.

An artisanal production is our commitment to the traditional-handcrafted way of working in the vineyards and to the art of the winemaker to vinify his grapes while maintaining the greatest respect for nature.

Vineyards and cellar are located in the tiny village of Halbtturn between lake Neusiedl and Hungarian border.

The "Pure" range wines are fresh and fruitdriven, elegant whites and reds for everyday drinking pleasure.

The "Heideboden" range are barrel aged wines with depth and ageing potential. Perfect partners for good food.

"Single Vineyard" wine range are our flagship wines. They are a true reflection of their origin, site and vintage.

Welcome to the Markus Iro winery

We have around 86.635 grapevines planted on our 22 hectares of vineyards, making us a family-run winery. That is exactly what makes us lucky, because it provides me with ample time, as a winemaker, to become inspired and to give our wines the time they really need to mature, as well as to try out those things that might be interesting and innovative. Thus, it is a determined quality, intensity and individuality that I want to achieve in our wines, and that I'd like to guarantee in the long term – and that you know from us.

The 17-hectare winery is located in Podersdorf am Neusiedlersee, in Burgenland. The business, now in its third generation, has specialized in white wine production in the Burgundy varieties Pinot Blanc, Pinot Gris and Chardonnay. In the red wine range, the focus is on the traditional red varieties Zweigelt, Blaufränkisch and St. Laurent. In appropriate years also sweet wine in the high predicate range is harvested. The mild climate of the Seewinkel, on the eastern shore of the Neusiedlersee, allows grapes of excellent quality to be vinified, which with great experience and the gentlest processing methods are vinified into wines of the highest quality.

Since the harvest in the fall of 2018, our new winery here on the Salzberg in Gols is in full operation. The tastefully decorated tasting room to the south side offers with its spacious terrace and glass front a breathtaking view of the heath ground in Seewinkel, the Neusiedler See to Schneeberg in the Lower Austrian Rax Mountains.

Our vineyards are located on approximately 30 hectares of the unique wine-growing region Neusiedlersee, including the legendary vineyards Altenberg, Gabarinza and Salzberg. The soil gives the potential. We are the natural, attentive care. Fresh fruity white wines, strong dense red wines and extract rich sweet wines are the precious result. Here you will find happiness and glass.

 NESTOR
HALBTURN

"Multi-layered soils and the special microclimate around Lake Neusiedl, one of the largest steppe lakes in Europe, give the Nestor wines from Halbtturn their special character and expression."

Nestor. Wine - with a strong character and unmistakable origin:

The character of Nestor wine is formed in the vineyard. 42 hectares of vineyards around Halbtturn provide the basis. Natural yeasts from the vineyard, manual grape selection, green vineyards, avoidance of chemical-synthetic insecticides, natural fertilization and sustainable treatment of nature preserve the original character of our wines.

Importer: Good Wine x Good People

Heinrich Hartl III is a leading producer in Austria's Thermenregion, bordering Vienna's South. Terroir there shows many parallels to France's Burgundy, though wines of top quality still meeting reasonable price points can be found. The Hartl's 16 ha (40 acres) of vineyards are spread throughout the region, allowing the family to grow what works best in specific sites. Top red wines are mostly from Pinot noir and Sankt Laurent, while the white indigenous specialties Rotgipfler and Zierfandler convince with their elegant structure, complexity and ability to match rich and/or spicy dishes. These hidden gems from historic vineyards are true aces up every sommelier's sleeve. Heinrich's wines have gathered accolades at home and abroad and inspire wine lovers seeking for something special.

Schandl's winery is one of the most famous wineries in the wine-growing region Rosalia. Schandl Family produces wines since 1856 in Pöttelsdorf and nowadays all 40 ha vineyards are farmed organic. In Particular, roséwines are very traditional in this region, and play an important role. They are fruity and fresh, but also spicy and full-bodied and rich in finesse. The reds, also mainly from the Blaufränkisch grape, have flavours from red berries and cherries, are spicy, velvet and full-bodied.

Importer: Good Wine x Good People

How can a young winery already possess over 100 years of experience?

Through the strength of family. Simon Gattinger is the fourth generation to produce wine in Loiben, Wachau/Austria and it is from the previous generations that he draws his knowledge—an invaluable asset, Simon knows.

According to Simon, a great wine is not a matter of alcohol content. For him, it's about origin. For him, it's about details. For him, it's about all that which distinguishes his vineyards in the Wachau. He wants to bring them into the glass, make them tangible—because Kreutles is not Klostersatz. And Klostersatz is not Burgstall. Because Höhereck is as distinctive as Loibenberg. Simon Gattinger sees the Wachau as a mosaic of unique origins: a treasure, which you can witness with every sip.

Contact: Gerald Freinbichler

Importer: Ester Wines Ltd

After years of working together in the Austrian viticultural village of Horitschon, Dominik Gober and Gerald Freinbichler decided to found their own winery in 2015.

Main goal was to work with the 'Blaufränkisch' vines from the region Mittelburgenland, with all its diversity, finesse, longevity, and fine-structure. The villages Horitschon and Neckenmarkt in particular, with their diverse terroir, offer perfect conditions for this.

The conversion to organic farming (2018 - bio austria) and the new build cellar (2022) helped to increase the quality of the terroir focused wines from Horitschon and Neckenmarkt.

"Respectful, subtle - moving" is the motto of Hannes and Petra Harkamp. In Sausal in southern Styria the two cultivate 20 hectares of vineyards according to biodynamic guidelines. With the 2019 vintage, the entire range of sparkling wines and still wines will be Demeter certified. Hannes Harkamp is particularly talented in producing elegant Sekts, using the traditional method of bottle fermentation. Here, too, biodynamic viticulture plays a decisive role.

Sabathi Hannes

Steiermark | Südsteiermark

Sernau 48, 8462 Gamlitz

T: +43 3453 2900

E: office@hannessabathi.at

W: <http://www.hannessabathi.at>

Contact: Hannes Sabathi

Hannes Sabathi was born in 1980, and his love for wine was evident right from the start. 2003, he completed his wine growing and cellar master education. Hannes took over the entire family winery from his parents.

He strives to let each variety from every vintage reflect true individual character. At the same time, he creates wines that have a Sabathi trademark going through them.

Classic, Site-specific, reserve "I want to make wines which, even after 30 years, speak a clear language; wines that show a line, a philosophy."

Uniform wines bore Hannes Sabathi. He believes a wine should have corners and edges. In fact, it doesn't have to please everybody, and even should be allowed to irritate and challenge the wine drinker!

Skoff Original - Walter Skoff

Steiermark | Südsteiermark

Eckberg 16, 8462 Gamlitz

T: +43 3453 4243

E: sales@skofforiginal.com

W: <http://www.skofforiginal.com>

Contact: Harald Wickhoff

Walter Skoff leads the family vineyard Skoff Original, which covers an acreage of around 60 ha, in the fourth generation. The special climate and the fertile soils of southern Styria create perfect conditions for top-quality wines, which regularly cause a sensation among international experts. The masterpieces of the house have received many awards over the past 30 years. A preliminary highlight of the medal competition was the 2017 Concours Mondial du Sauvignon Blanc, one of the most important white wine competitions in the world. The Sauvignon Blanc Kranachberg Vintage 2015 was awarded the "Denis Dubourdieu Trophy" out of 867 international wines. This is awarded to the wine with the purest and most refined Sauvignon character and is considered the world title of the scene.

Today, we are already the 4th generation of our family dedicated to transferring our idea of excellence into a glass. Since 2020 Erich Polz Jr. has been heading the estate with a crystal-clear vision of guiding all the magnificent potential and valuable know-how inherent to his family's long history and winemaking tradition into a fruitful, robust future. Erich's brother Christoph is responsible for the cellar and vinification. Sensitive, calm, with great confidence in every single grape. We are passionate about working by hand. And our skills grow directly from our origins in southern Styria, from our terroir.

Family winery Tement was founded in 1959 and is situated in Ehrenhausen. Visitors enjoy a breath-taking panoramic view of steep slopes from surrounding vineyards. The sons Armin and Stefan represent the third generation of the winery. Both strive to continue their parents' work with the same quality awareness and sense for tradition. Together with father Manfred they produce origin accentuated and handcrafted wines gained by bio-dynamic vineyard management (Demeter & respektBIODYN) and low harvest yields. Their terroir wines show strong independence, reflect their region and soil and show great ageing potential. Elegant and balanced wines with puristic minerality.

At the very heart of the Vulkanland region of south-east Styria, surrounded by lush greenery, is the Krispel gourmet estate. This family-run business has been producing outstanding wines and gourmet foods of exceptional quality for two generations. With their vast experience and in close partnership with nature, it is the aim of the Krispels to infuse in purest form the flavours and the wonderful quality of life of their region in what they produce. Farming with the woolly-pigs has been organic certified since 2023, the vineyards are since 2020 in conversion, with vintage 2023 our village- and singlevineyard-wines will be organic for the first time. To lend emphasis, the winery Krispel now bears the seal of quality "Sustainable Austria".

Importer: Clark Foyster Wines Ltd

Felsner winery is one of Austria's rising wineries, acclaimed for excellent dry white wines. Manfred Felsner cultivates the very best vineyard sites - many of them with vines of 40 years or more - in Gedersdorf and Rohrendorf, near Krems. He took over the family's estate in 1990 and has worked very hard, recultivating steep slopes and old vines. He and his family use minimal intervention in the vineyard and he has been reducing yields for more expressive wines. His efforts have been rewarded by numerous national and international awards. Manfred Felsner has set out to produce single-vineyard wines, clearly expressive of their variety and their Kremstal origin. Grüner Veltliner, Riesling and St. Laurent are most important. Wines of elegance, fruit and complexity.

Schloss Gobelsburg is the oldest winery in the Danube appellation Kamptal with a documented viticultural history dating back to the 12th century. Cistercian monks from Burgundy received their first vineyards in 1171. Today the estate is concentrating on the typical expressions of the Danube appellations in all categories (regional, village, single vineyard). Beside the classical Danube wines, the estate is producing a few specialities like quality sparkling wine (4 cuvees), a few red wines based on the Pinot family and some sweet wines. Another speciality is historical winemaking which is the content of the Tradition wines. The estate is member of the association 'Österreichische Traditionsweingüter', who is establishing a vineyard classification system in Austria.

Weingut **Stadt Krems**

As early as 1452, Weingut Stadt Krems emerged from possessions of the Bürgerspitalstiftung. Accordingly, the company is one of the oldest existing wine estates in the world. Today, the winery is owned by the city and thus belongs to the citizens of Krems.

As a member of the Österreichische Traditionsweingüter © (ÖTW) it is in the favor, to cultivate the most important single vineyards of Austria. All 40 hectares of vineyards lie within the city limits.

Historic vineyard sites such as Grillenparz, Lindberg, Schreck, Wachtberg und Weinzierlberg are the ideal soil for great wines. The focus for the grape varieties, as intended for the Kremstal DAC origin, is with Riesling and Grüner Veltliner.

Spitz is situated in the most western part of the Wachau, in an area strongly influenced by the chilly winds blowing off the wooded mountains to the north. The wines of Spitz offer extraordinarily spicy, almost exotic aromas, with a particularly impressive terroir

Weingut Hirtzberger is located in a wonderful castle-like 13th century stone building where Franz and Irmgard live and work with their three children. Franz took control of his father's winery in 1983.

45 percent of Weingut Hirtzberger's 15 hectares of vineyards are planted with Grüner Veltliner, 40 percent with Riesling, with small quantities of Pinot Gris, Pinot Blanc as well as Chardonnay accounting for the balance. All the Hirtzberger wines are fermented in stainless steel and aged in classic 30-50 hectoliter wooden barrels

„Our wines get all the freedom they need to unfold the details of their character“, explains Gerhard Pittnauer. „They are not always and exclusively to be found in the soil or grape varieties. Sometimes they also point at us and our self-perception as winemakers. We want to reveal the energy and passion we put in the creation of our wines and make them palpable.“

To put these ideas into action they draw on their own experiences but also refer to the vanguard concepts of the natural wine movement which – boldly and curiously – explores new limits.

**ZUSCHMANN
SCHÖFMANN**

Since 2000, Else Zuschmann and her husband Peter Schöfmann have together managed their wine estate in the tranquil village of Martinsdorf, and done so with devotion and commitment. Sixteen hectares of vineyard will be certified organic as of 2014. Here the focus clearly lies on the white varieties (70%), primarily Grüner Veltliner, which accounts for slightly more than half among them. However, the couple exhibits a deft touch as well with the vinification of their red wines, which constitute 30% of the area under vines. The most important red grape varieties are Zweigelt and St. Laurent. With the 2012 vintage, the winegrowing couple will be arranging their portfolio in a new format.

FAMILIE
BAUER

From young to old - everyone at the Bauer family's organic winery pulls together. For the family, it is a matter of course that year after year they strive to further improve the quality of the wines. For them, this means that when enjoying the wine, the consumer can also feel its typicality, the climate and the location, but also the care taken in the vineyard work and vinification.

Grüner Veltliner accounts for a large part of the vineyard area on the farm, but even in grandfather's time the typical regional grape variety of the Wagram - Red Veltliner - was cultivated with its own selections.

Veltliner - was refined with its own selections. There are also wonderful Rieslings, various natural wines and sweet wines in the form of Beerenauslese, Trockenbeerenauslese and Eiswein.

Winery Biegler

- a renowned family business in the heart of Gumpoldskirchen!

The wine grows in the best situations, scattered about Gumpoldskirchen, at the south-east-hillsides of the mountain "Anninger" (arable land 10ha)

The gravely, lime-containing grounds and the exceptional microclimate help the grapes to get full maturity and particular kindliness.

The careful, nature-near and intensive care of the vineyards through the whole family supports this natural maturity-process in the complete way.

The noble wines are developed in the steel-tank, just as in small and big wood-barrels.

Othmar Biegler, faces year to year to create kind-typical, fine and exceptional wines for year of the task.

Netzl Franz & Christine

Niederösterreich | Carnuntum

Rosenbergstrasse 17, 2464 Göttlesbrunn-Arbesthal

T: +43 2162 8236

E: weingut@netzl.com

W: <http://www.netzl.com>

Contact: Christina Artner-Netzl

Importer: Kipferl Patisserie Ltd.

Together with her parents Franz and Christine Netzl, Christina vinifies profound wines with a strong character and rich in finesse from the family's own vineyards around Göttlesbrunn, in the heart of the Carnuntum region. The personal goal as a member of the Austrian traditional wineries is to work out the uniqueness and typicities of the individual grape varieties with a focus on their origin. Above all, they focus on the characteristics of the most important single vineyard wines. The basis are of course the vines and therefore the cultivation of the vineyards according to organic guidelines.

T: +43 2613 89722

E: kirnbauer@phantom.at

W: <http://www.phantom.at>

Contact: Ing. Mag. Markus Kirnbauer

Importer: Kipferl Patisserie Ltd.

A kingdom for a grape

The credo, slogan and promise the winery K+K Kirnbauer has always delivered on.

Covering a vineyard area of 46 hectares, the winery grows and produces red and white wines with a strong character. The hallmarks of these wines are their impressive texture and velvety-silky creaminess. Markus Kirnbauer manages the operations of the family company and cultivate grape varieties including Blaufränkisch, Merlot, Cabernet, Syrah, Zweigelt, Sauvignon Blanc and Chardonnay.

The main part of the grape harvest is united in the company's flagship product, a cuvée called "Das Phantom". In 1987 Walter Kirnbauer realized the potential of his creation and proved he had a keen sense for marketing when he conceived a brand name for it - a novelty in the Austrian market back then.

A tendency towards the exceptional

Around 400 years of family tradition, a philosophy of viniculture bound up with nature, and innovative "esprit" are the cornerstones for wine growing at Weingut Christ.

The vines, the most important capital assets, stand on the gentle, south-facing slopes of the Bisamberg, on the north-eastern boundary of the city of Vienna.

The geological variety is unique, and stretches from alluvial, ice-age, terraced gravel, through weathered chinks interspersed with limestone, to layers of loess and slate. At the end of the day this balance between vineyard and cellar delivers fine wines full of character with great structure, which will melt in the mouths of friends of high-quality wines.

We are a family-run estate in the heart of the 19. district in Vienna. Together with my brother, who is responsible for our second estate in Illmitz, Burgenland, we want to make wines, which are characterized by the terroir from our regions. Without interfering too much in the complexity of the wine, we give the wine plenty of time to find its harmony. Handwork, passion and the work with the nature are the ingredients for our wines, which reflect each year.

Pfarrplatz 2, 1190 Wien

T: +43 1 3701287

E: weingut@pfarrplatz.at

W: <http://www.pfarrplatz.at>

Contact: Gerhard Lobner

Importer: Rouge & Co. London Ltd.

Further importer: Rouge & Co. London Ltd.

Mayer am Pfarrplatz: The traditional winery produces since 1683 in Nussdorf high quality wine from Vienna's best vineyards, the chalk rich Nussberg and the cru Alsegg. The wines offer intensive, elegant fruitiness, good balance and minerality of the best Viennese vineyard sites.

The romantic landmark protected house of the winery Mayer is a synonym for Viennese wine and the epitome of Vienna's Heurigen culture.

Rotes Haus: The winery has probably the most beautiful and best vineyards of Vienna with an unbelievable view to Vienna and the Danube. Individual microclimate and soil award the wines from Nussberg exotic, spicyness and minerality. As a result of the uncompromising quality work you will find balanced, fullbodied wines with character and Viennese charm.

Uwe Schiefer, one of the top producers of the wine growing region Südburgenland, works on a 15 hectares mainly located on the finest vineyard of the region, the "Eisenberg", a steep schistous hillside and nearly all planted to the local grape Blaufränkisch. His aim is to take out the special character of the soil, clay with a big amount of iron, in his wines without using modern technology. The grapes are handled very carefully and he abstains from any filtration and fining.

It is the passion for the unique terroir of Eisenberg in southern Burgenland that drives Markus Bach. Grapes from old grapevines with a special character - wild, unspoilt and stubborn - grow on this mountain in a steep location. But it is exactly this mix of character that appeals to us. Combined with the knowledge about the wine-making process, wines are created that are delicious but don't follow a trend.
