Concrete Solutions

Full-range supplier for prefabricated concrete elements.

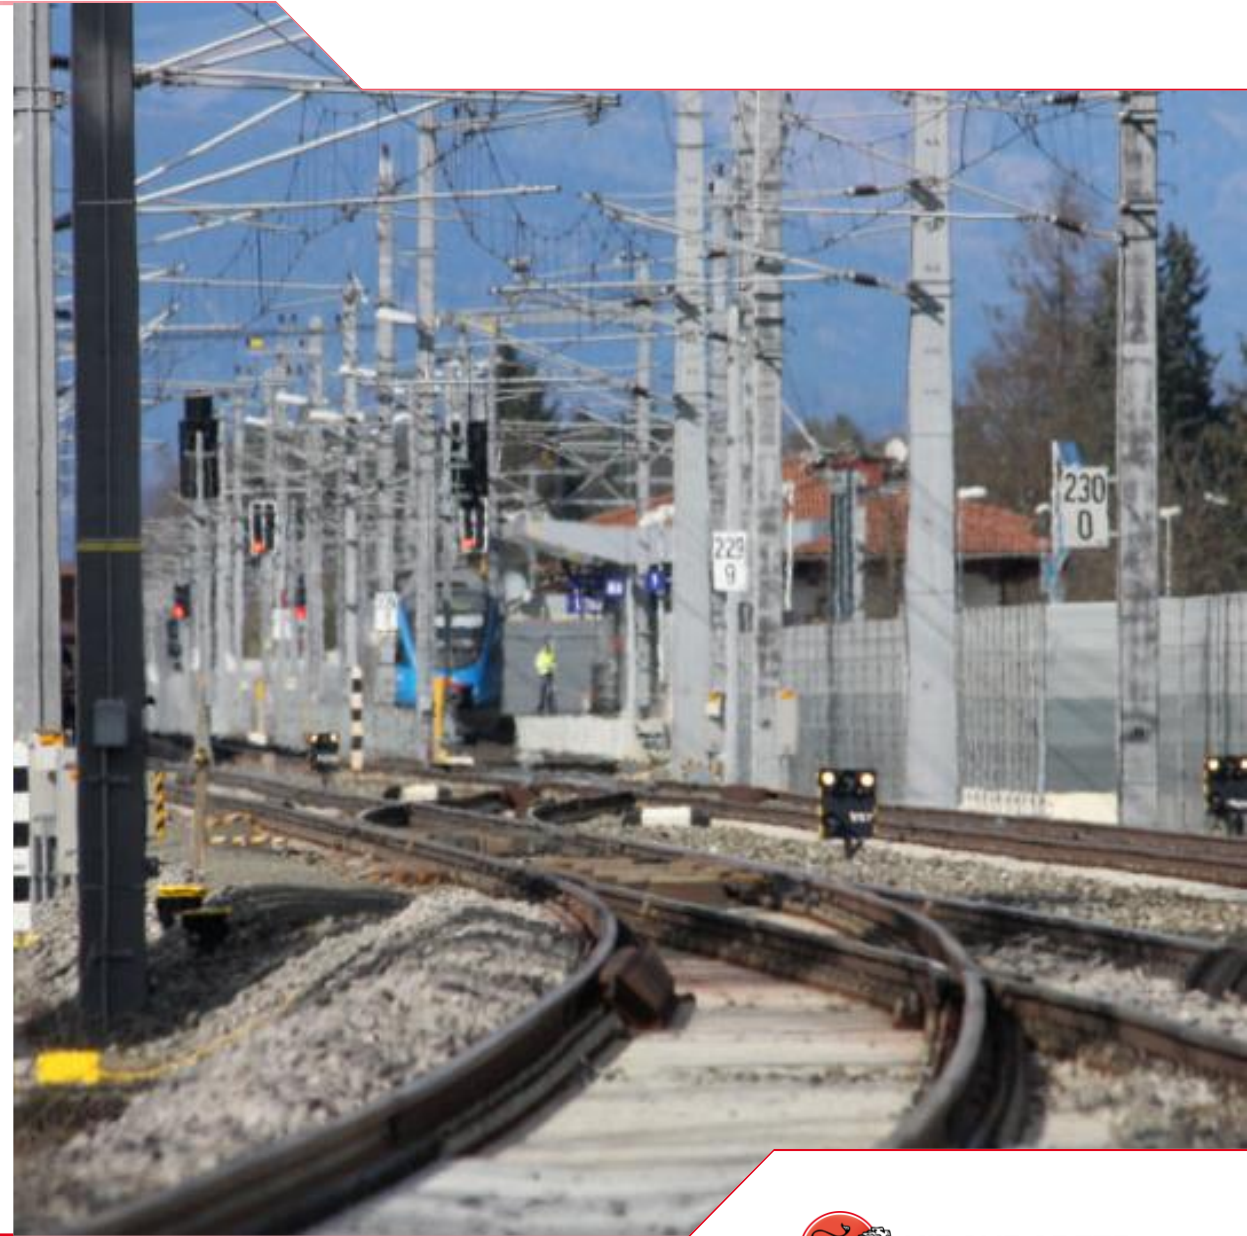

-  Civil Engineering
-  Road
-  Railway
-  Building Construction
-  Tunnel

Railway & Tunneling

Full-range supplier for prefabricated concrete elements for railroad tracks, tunneling & platforms

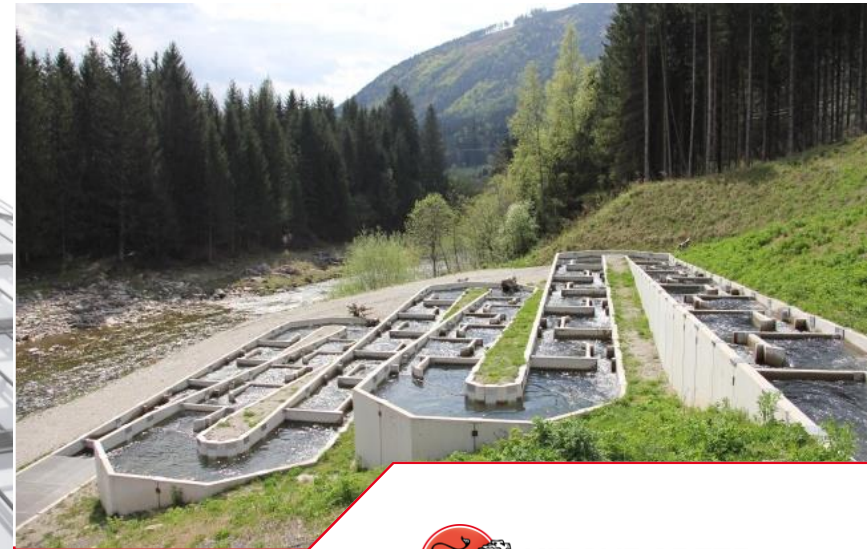

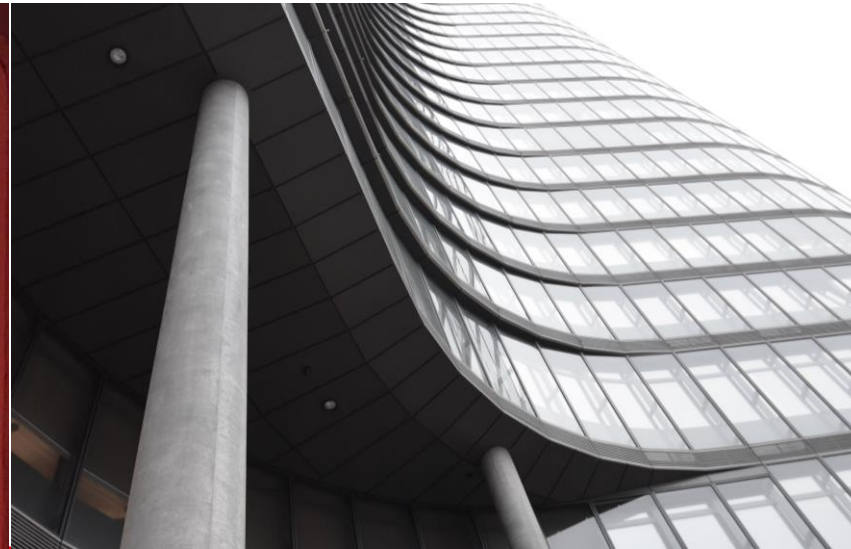

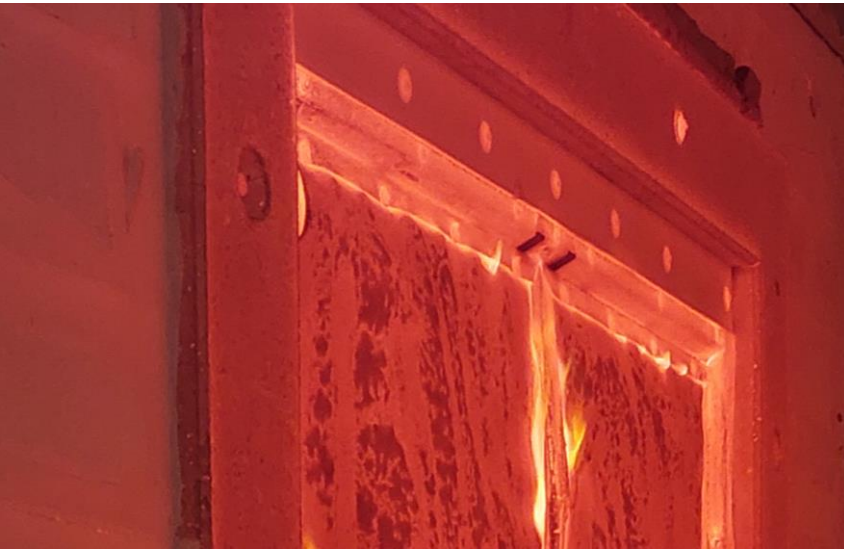

- ⚙️ Pre-stressed sleepers, turnout sleepers, platform elements, cable walls & troughs, catenary masts, slab tracks (ÖBB system), noise barriers
- 🔲 slab tracks, drains, tunnel segments (Tübbing)

Innovations in concrete

Intelligent product innovations such as the **enature**® fish pass system or the **Rotop**® spun concrete poles.

Innovative application of UHPC in product design (escape doors in Femern belt tunnel)

Innovations in concrete

Landscaping elements designed by architects for ASFINAG (Austrian highway authority)
created to perfection by KATZENBERGER Fertigteilindustrie GmbH in Wiesing, Tyrol
