BWT – BEST WATER TECHNOLOGY

Contact person: Dipl.-Ing. Anthony Ejidike MSc.
T + 43 676 652 5900 / +234 907 043 3104
E info@aseconsultings.com
W www.bwt.com/en, www.aseconsultings.com

What they offer:

BWT (Best Water Technology), headquartered in Austria, is Europe's leading water treatment company. A manufacturer and expert in **water treatment** for over 30 years, the BWT Group offers a complete range of products, from **filtration and softening systems to disinfection solutions and reverse osmosis technologies**, as well as services to transform any water, whether mains water or tap water, into a high-quality fluid that meets the hygiene, safety, and energy comfort requirements expected by its customers.

Looking for:

Qualified distributors to join our network and help bring innovative water treatment solutions to the Nigerian market.

GHS– GLOBAL HOUSING SOLUTIONS

Contact person: Mr. Alexander Khinast
M +43 664 4114 544
E a.khinast@ghs-housing.com
W www.ghs-housing.com

What they offer:

GHS is an independent Austrian company of system solutions that significantly improve serial construction. GHS wall profiles offer a range of benefits for building structures, including their ability to be individually combined, reflect solar radiation, and provide optimal protection against flooding, earthquakes, and storms. These profiles are maintenance-free, making them a suitable option for multiple buildings like also schools and clinics.

The long service life of GHS buildings of +80 years enables cross-generational use. GHS's patented '**Clip, Fill & Connect**' technology makes it possible to erect buildings very fast and implement large construction projects with minimal infrastructure requirements.

Looking for:

Customers, strategic partners.

E. HAWLE**MANUFACTURERS IN HEAVY-DUTY VALVES FOR WATER SUPPLY SYSTEMS**

Contact person: Mr. Miroslav Mitic

M +234 812 377 3023
