Our office in Riyadh is part of a network of more than 110 offices in over 70 countries that provide a broad range of intelligence and business development services for both Austrian companies and their international business partners.

Our team of experts can assist Saudi companies in locating Austrian suppliers and business partners. We organize numerous events every year to bring business contacts together. Other services provided by our office range from introductions to Austrian companies looking for importers, distributors, or agents to providing in-depth information on Austria as a business location and assistance in entering the Austrian market.

## PREFACE

On behalf of Advantage Austria, it is my great pleasure to introduce to you six Austrian companies.

They are taking part in the Saudi Entertainment & Amusement Expo from May 28<sup>th</sup> to 30<sup>th</sup> 2023. This is one of the follow-up events of the Austrian trade mission to Riyadh in March 2023. During the trade mission 36 Austrian companies from various sectors came to Riyadh.

At the Austrian pavilion we are proud to present you a range of Austrian technologies described in more detail on the following pages. The participating Austrian companies are what we call “hidden champions” each pertaining to their special niche.

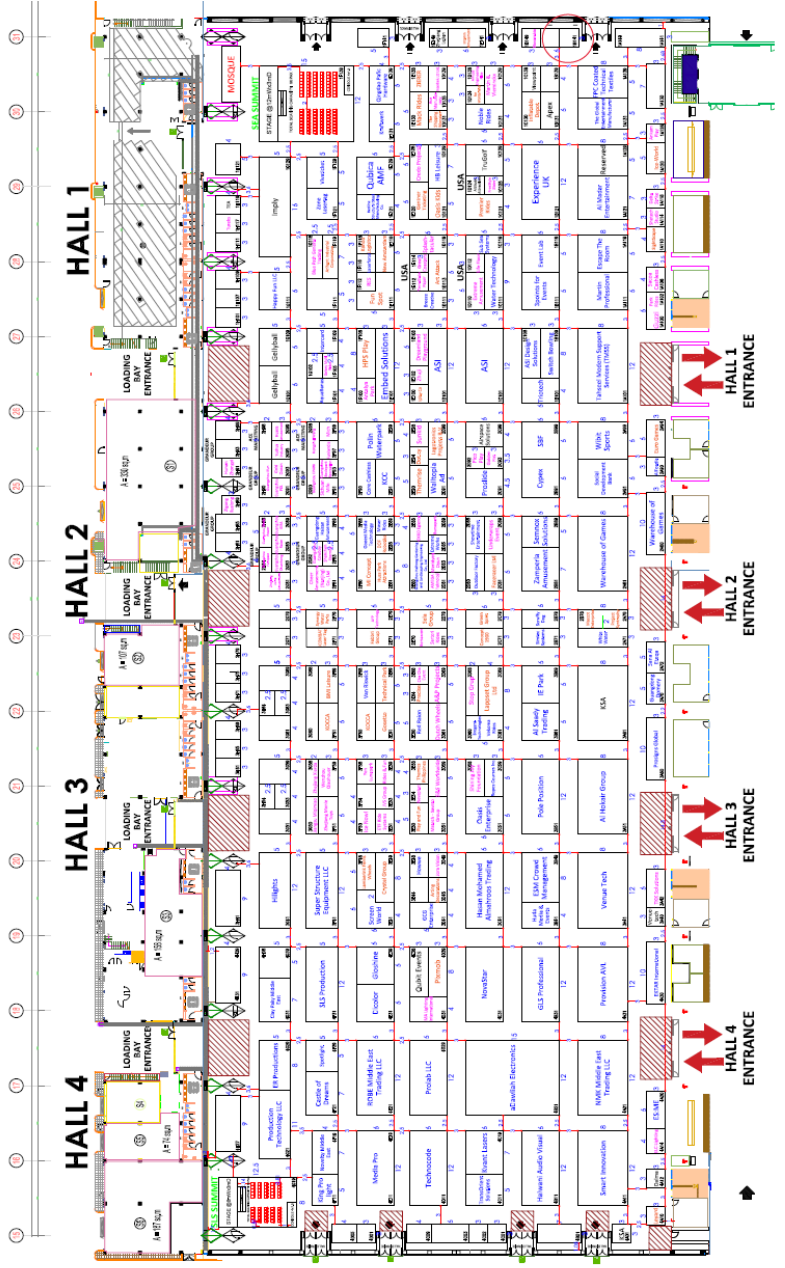

I trust this event will find your interest. Wishing you interesting and fruitful talks with the representatives of our Austrian companies.

Christoph Pfeifer

Commercial Counsellor at the Austrian Embassy  
Head of Advantage Austria in Saudi Arabia

We are family operated company here in Austria. Here a small introduction (please find more info on the website also ) :

Founded in 1790, our firm Johann Fanzoj looks back on a tradition of craftsmanship at the highest level upheld for nine generations. Shunning away from mass production, the firm remains dedicated to the tradition of creating unique hunting weapons by hand. Every year a small number of exclusive guns and rifles leaves our workshop, handcrafted and customized to perfection, incorporating the customer's aesthetic preferences and precision requirements.

Our family worked for the last emperor Kaiser Franz Joseph from Austrian monarchy and is nowadays e.g. also well known for state gifts and working for high standing forceful individuals worldwide also for the Arab countries the last years.

glass-inspiration GmbH DESIGN+ENGINEERING laminates glasses with different design inlays.

A wide variety of materials such as metals, fabrics, crystals, wood veneers, mother-of-pearl, thin stones, real grass/leaves/roses and more are placed between two or more glass sheets. The laminating process inseparably combines glasses, laminating films and the respective design inlay.

The result is called laminated safety glass with a decorative design inlay. These high-quality glasses are used indoors and outdoors, for wall, bar and lift cladding, tabletops, balustrades, shower partitions, splash guards, balcony railings, façade systems, chandeliers, lamps, furniture and more.

We are based in Adlwang - Austria. We manufacture from 1 piece with worldwide delivery. Of course, special shapes, curved elements, fire protection elements and insulating glass with a design are also possible.

Whether hotels, cruise ships, yachts, schools, museums, office, or private housing. glass-inspiration supports a wide variety of projects around the world where design and functionality are required. Even special solutions are worked out and realized at glass-inspiration.
