Functions & advantages at a glance

Unique gift opportunity

The voucher management system enables the centralized sale and handling of all types of vouchers such as „print@home“ vouchers, digital wallet vouchers, pre-printed vouchers, gift cards and much more.

Flexibility

Thanks to AI integration, voucher offers can be translated into other languages at the touch of a button and can also be offered in several currencies thanks to „multicurrency“.

Wallet function

Allow your customers to carry the vouchers on their cell phone at all times. When the guest arrives at your location, we also have the option of drawing their attention to the existing voucher via push message.

A voucher like no other

Vouchers allow for extensive personalization, including text dedication, image personalization and video messages. Customers can also choose a voucher template created by you to match the voucher to the occasion and the customer's wishes. This makes the gift particularly unique and personal.

incert App

The incert app enables voucher cards to be validated and loaded using a smartphone. There is no need to log in to the incert backend when using the app.

Parcel vouchers with selection options

Allow your customers to enjoy predefined services such as an overnight stay, a meal or an attraction and, if required, refine these with additional services such as a wine accompaniment or a champagne reception. The integration and billing of partial services or combined items can also be set internally or externally with partners.

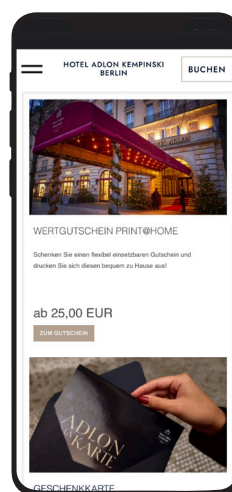

Subsequent digitization

Import existing vouchers into our system and keep your liabilities to customers bundled and organized in one system.

Subsequent digitization

Use sponsorship vouchers for a local raffle, as compensation for a faux pas or for advertising purposes to strengthen the awareness and reputation of your company.

Info

Exclusive gifts expand your customer base. Value & parcel vouchers with personalization (text, image, video) and individual templates increase customer loyalty and sales.
