

# Explore the world of freight in the heart of Europe

October 6 - 8, 2021 Incheba Expo, Bratislava - Slovakia

B2B event bridging the entire supply chain, seeking to create business opportunities within the whole "New Europe" region.

Addressing 360-degree aspects of the supply chain, including transportation, the latest available solutions and perspectives on future technologies, enlightening their potential to streamline processes, increase efficiency and control costs.

The first exhibition in Central and Eastern Europe, connecting shippers, retailers, wholesalers, importers and exporters from vital industries such as mobility, healthcare, aerospace, agriculture, construction, energy and others, with the most up-to-date supply chain solution providers.

The post-COVID-19 business will show not the largest companies will thrive and remain, but the ones which are adaptable to changes and challenges. WOF EXPO 2021 has five main pillars with a clear focus to bring you closer to success.
