# WINE GROWING REGIONS IN AUSTRIA

## AUSTRIAN WINE - REFRESHINGLY NATURAL

Mr. Günther Sucher  
Austrian Commercial Counsellor

Small is beautiful – that is what best describes Austrian wine, when put into international perspective. Wines from Austria are now highly appreciated both by wine experts and wine lovers all around the world and can be found on almost every refined wine list. As artisanal products crafted by winemakers with a special link to their land, they consistently demonstrate their potential at international blind tastings.

Austrian wine goes very well with {spicy} Thai cuisine, as well as with Asian food in general. Up to now Thailand has been a relatively insignificant market for wines from this small country, located in the heart of Europe, that is little known in this part of the world. But the number of local distributors of Austrian wine is increasing, so that these days you will find it in many upper-class hotels and restaurants, most of the distributors are also directly supplying private wine connoisseurs.

Discover the unique tastes of Austria's liquid gold from 47 leading Austrian wine producers from all wine regions in Austria!

**AUSTRIAN WINE**   
*The Art of Wine. Down to Earth.*

Special words of thanks go to the **Austrian Wine Marketing Board** (our national service body for the Austrian wine industry in Vienna) and to the freight forwarding company **DHL**, for shipping most of the wines at this event from Austria to Thailand!

The name Bründlmayer has become a synonym for absolutely reliable top quality: "Almost every wine, from the lightest Grüner Veltliner to the red wine and the sparkling wine has what it takes to be the best of the vintage in its category." (Peter Moser, Falstaff, in: "The Ultimate Wine Guide"). Vineyards in the best sites around Langenlois are the solid capital. Besides, the family relies on the support of a team of selected professionals. Willi Bründlmayer leads the family estate together with his wife Edwige, Thomas Klinger and Master of Wine Andreas Wickhoff. When Willi Bründlmayer took over his parents' winery, he introduced a policy of ecological winegrowing. Synthetic fertilizers are waived since 1979. The vineyards are cultivated sustainably, following the Austrian Programme of Sustainable Agriculture and since 2015 in a biological-organic way, certified by LACON. The management of natural resources – soil, sun, water and plants – follows simple and sensible procedures.

Respect for nature is a characteristic witnessed in the style of all the CHRIST wines – pure in the sense of authenticity. To give the wines the taste of geology and origin is one of the greatest challenges. Handling the grapes with a gentle touch is evident. Hand-picked grapes and diligent selection, with minimal intervention in the wine cellar with no fining, corrections, or sterile filtration, result in wines full of natural character and vitality. RAINER CHRIST'S philosophy is furthermore a challenge to the winery design; in the cellar, gravity is key. A CHRIST does not pump wine. Grapes and must are transported through the aid of gravity, and nothing else. Five climate zones ensure optimal ripeness. The three pillars of how winemaking is done at Weingut CHRIST, include its 400-year family tradition, its philosophy of living in touch with nature in the vineyards, as well as the innovative esprit. The carefully chosen vineyards on the sought-after Bisamberg site in Vienna are nurtured with both passion and dedication; this fusion of tradition meeting the modern reflects one of the goals set by ambitious estate.

The winery POLLERHOF is located in Röschitz, in Western Weinviertel, South of the city of Retz. The winemaking tradition of the family Poller in Röschitz was handed down from one generation to the next. They were already devoted to winemaking on a high quality level in the 1920`s. A winery that stands on its own. Creative, curious and passionate, Erwin Poller brings nature in the bottles and on the labels, too. The vineyard area comprises 20 hectares. Erwin Poller loves to surprise and provoke. Wine is produced together with respect for nature – spirited, wild and with imagination. Creative, unconventional, close to nature, handmade, individual – LIKE US. The joy of creativity / quality & wine, handcraft because we believe in it. Rich in extract, fine and elegant. "Normal" is too boring for us. We are critical of trends and go our own way. The future remains exciting. All our products are from conversion to organic Agriculture. We will already declare the 2020 vintage as Austrian organic wine.

Domäne Wachau, led by Roman Horvath MW and Heinz Frischengruber, has developed into one of the top wineries in Austria, with an excellent range of Wachau wines that beautifully reflect origin. The small vineyard plots in the steep terraces along the Danube river are cultivated by vintner families - the true heroes of the winery - through their intensive manual work. Craftsmanship, sustainability, and the unique biodiversity are the pillars of the vineyards that Domäne Wachau manages. Many of these vineyards are world-famous, including Achleiten, Kellerberg and Singriedel. The winery is also known for its extensive wine tourism offerings.

E [weingut@duernberg.at](mailto:weingut@duernberg.at)

W [www.duernberg.at](http://www.duernberg.at)

DÜRNBERG-wines embody all the virtues that international wine consumers expect from Austrian wine: crystal clear fruit, crisp elegance, charming varietal character and mineral expression. This is achieved because winemaker Christoph Körner conscientiously abstains from cloying voluptuousness and focuses instead on elegance and freshness. Respectful cultivation of the highly calcareous vineyards and gentle guidance in the cellar result in wines with authentic character. Wines are also given all the time in the world to develop. Reserve-wines are sourced from old vines and are allowed to mature in large wooden casks for a year or longer in order to achieve full expression. Since earning Mr. Georg Klein and Matthias Marchesani as partners in the enterprise, Weingut Dürnberg has gained momentum in serving its international market. The friendly professionalism with which the Klein-Marchesani-Körner trio manages this enterprise puts the future of one of Austria's most promising wineries on a steady course.

W www.eichenwald.at

The story of EICHENWALD begins in 1962. We are located in the heart of Burgenland, in the east of Austria. The wine region's name is Mittelburgenland, its nick name is Blaufränkischland. Mainly the red grapes of the varieties Blaufränkisch and Zweigelt find optimal conditions in terms of terroir, weather and soil structure so that we are able to produce racy, characterful, tannic red wines with powerful structure and fine acidity. Our company has 100 members, they deliver us the grapes from 400 hectares of vineyards, therefore every year our cellarmaster has the responsibility and challenge to vinificate approximately 3 Million Liters of wine with outstanding quality (out of them 95% Blaufränkisch and Zweigelt).

Felsner winery is one of Austria's rising wineries, acclaimed for excellent dry white wines. Manfred Felsner cultivates the very best vineyard sites - many of them with vines of 40 years or more - in Gedersdorf and Rohrendorf, near Krems. He took over the family's estate in 1990 and has worked very hard, recultivating steep slopes and old vines. He and his family use minimal intervention in the vineyard and he has been reducing yields for more expressive wines. His efforts have been rewarded by numerous national and international awards. Manfred Felsner has set out to produce single-vineyard wines, clearly expressive of their variety and their Kremstal origin. Grüner Veltliner, Riesling and St. Laurent are most important. Wines of elegance, fruit and complexity.

 W [www.forstreiter.at](http://www.forstreiter.at)

"I make the wines for myself, I can only sell the wines that I like." This is the motto of the winemaker Meinhard Forstreiter from the Kremstal. In 2001, he and his wife Isabella took over the winery, on which not only he, but also his father, grandfather, and great-grandfather grew up. The winery in Hollenburg, the southeasternmost district of the Austrian white wine metropolis of Krems, has been family-owned since 1868. The wines (certified "Sustainable Austria") of the Forstreiter winery are characterized by liveliness, juiciness and complexity. The trademark of the winery is the first-class Grüner Veltliner, which range from crunchy-herb-fresh to creamy and burgundy with pronounced flavour intensity. The vineyards are located close or directly on the Danube at an altitude of 150 to 350 meters. With its wines, especially the Grüner Veltliner, the Forstreiter winery has made a name for itself far beyond the borders of Austria. Numerous awards from leading wine journals and top places in competitions confirm that the high standards that Meinhard Forstreiter places on his wines are also rewarded by the expert audiences.

W [www.weingut-gebeshuber.at](http://www.weingut-gebeshuber.at)

The estate, founded in 1998 by Johannes Gebeshuber, is located in the historic town of Gumpoldskirchen, thirty kilometres south of Vienna in the Thermenregion, a winegrowing region named for the local thermal springs. Mr. Gebeshuber has focussed precisely upon those grape varieties that have made Gumpoldskirchen famous and held in high regard, far beyond the borders of Austria: the white varieties Zierfandler & Rotgipfler, as well as the reds Sankt Laurent & Pinot Noir. Certified organic since 2006, certified biodynamic since 2019.

"We strive in harmony with nature each year to create wines that are rich in character and typical of the region." This is the motto that has accompanied Albert Gesellmann for many years and inspired him to convert to organic cultivation. The conversion was completed with the vintage 2015 and the first certified organic wines were sold. The main focus is Blaufränkisch, which is found in the flagship wines "Opus Eximium", "hochberc" and "G". Albert Gesellmann's talent for international varieties is confirmed in the "Bela Rex" blend and "Chardonnay Steinriegel".

We are an Austrian, family owned, winery located south east of Vienna in Burgenland. Our 50ha of vineyards lie in the Leithaberg Hills on the shores of Lake Neusiedl. This unique location enables us to produce a wide range of wines; 55% white wine, 40% red and 5% dessert wine. Our vineyards are situated on the most prized sites in Burgenland: Kirchberg, Jungkirchberg, Hirschäcker, Altvierholzer and Rosenberg. Different soils, such as clay, limestone, gravel or pre-historic rocks, aid the production of complex and full-bodied wines. These sites are amongst the oldest in Burgenland. Hoepler wines have a clear signature. They tend to be delicate, elegant and high in minerality. They are excellent to drink on their own but versatile when it comes to food and wine pairing. We export 70% of our production. Hoepler wines are in 38 States in the USA, UK, Ireland, The Netherlands, Germany, Malta, Estonia and Scandinavia and we are also famous for making the house wines for the Trapp Family Lodge of Sound of Music.

E [weingut@jurtschitsch.com](mailto:weingut@jurtschitsch.com)W [www.jurtschitsch.com](http://www.jurtschitsch.com)

For many people, the Jurtschitsch wine estate in Langenlois with its winery building dating from the 16th century and the 700-year-old natural cellar labyrinth ranks among the most impressive wine estates in Austria. A place with history and architectural beauty. Its wines, however, have shaped the senses-over time, across the spirit of the time and beyond all borders.

Grüner Veltliner and Riesling in particular have inspired tasting notes & history for years. With Stefanie and Alwin Jurtschitsch of the younger generation, they are now in the very best of hands.

The Falstaff quotation "There is hardly any other winery which is able to offer the best of quality across the entire wine portfolio with such reliability", is being brought up to date virtually on its own.

E [weingut@tinnacher.at](mailto:weingut@tinnacher.at)W [www.tinnacher.at](http://www.tinnacher.at)**LACKNER TINNACHER - WINES OF TIMELESS ELEGANCE**

The Lackner-Tinnacher winery is nestled between vineyards on a chain of hills in the Südsteiermark (Southern Styria). Vines have been cultivated here for centuries and recorded documents link the family's winemaking history all the way back to 1770. Today, the young vintner Katharina Tinnacher runs the classy estate.

All of the estate's grapes, which are certified organic, are grown in their own vineyards. These vineyards feature a wide variety of geological conditions, and Katharina seeks to express this in her winemaking to highlight the differences between the sites. She prioritizes prudent processing, 100% native yeast fermentation, extended lees contact and 12-30 months of cellar maturation. In this way, each vine correlates to a distinctive bottle of wine with its own structure, complexity and enduring character.

**Weingut Leth – Loess & Passion for Veltliner**

The Leth winery, one of the leading properties in the Wagram region is located in Fels, 50 hectares of vineyards are run by family Leth, directly on the terraces of the Wagram hillside. The deep loess soils are excellently suited for Grüner Veltliner, half of the area under vine is planted with this variety. Due to the rather cooler climate condition along the Danube river valley, Riesling plays a major role too. Organic farming standards, hand picking and a strong dedication to terroir reflection will allow to produce wines of distinct character, standing out for their combination of drinkability as well as complexity.

Welcome to NASTL FAMILY! Our family is producing wine since 1656 – this is the reason for a lot of tradition and experience in wine making. Grüner Veltliner is THE typical Austrian white variety, it's the most important autochtone grape in Austria with about 30 % share. Our wines are fresh, fruity, lively and well balanced, they are characterized by the passion and handcraft of the vintner.

Tradition and innovation are the central idea of the winery, well shown in the cellar that was built as a gravity only system. Our wines show profile, character and reflect the vintner's passion as well as the soil where they are coming from.

Our particular emphasis lies on selling our wines worldwide, the share of exportation is about 60 %. AWARDS: Wine Enthusiast, USA | Falstaff Magazine, Austria | Decanter World Wine Awards, Great Britain

T +43 3473 8308

E [weingut@neumeister.cc](mailto:weingut@neumeister.cc)W [www.neumeister.cc](http://www.neumeister.cc)

Christoph Neumeister is the third generation to run the renowned winery in Straden, Steiermark (Styria). The organically cultivated vineyards are steep and feature meagre limestone-sediment soils. The Illyrian-Pannonian combination climate and high precipitation levels can make cultivation challenging but allow a long growing season and late harvest. In the cellar, thoughtful and careful work is emphasized, including long maceration on the skins, spontaneous fermentation, long yeast contact periods and a late bottling. The results are bone dry, mineralic, complex, structured and elegant wines with clear terroir.

Elisabeth Pichler-Krutzler and Erich Krutzler, both viticulture-raised in their families have been born into wine tradition.

Their own estate in winegrowing region Wachau was the logical and natural consequence of their marriage. In the village of Oberloiben nearby medieval town of Dürnstein annually a variety of different wines are crafted using the varieties Grüner Veltliner and Riesling. Nestled in the unique landscape of the river Danube these sites cultivated organically yield wines reflecting each sublime terroir by all means – not due to quick enjoyment, but demanding regard and passion.

In cellar wines are not made or even made up. As a results all wines are showing soul and authentically what nature says.

Facts: Vineyards: 13 ha | Grape varieties: 63 % Grüner Veltliner, 35 % Riesling, 2 % Pinot blanc | Average production: 70.000 bts. | Export rate: 70 %

E [weingut@pittnauer.com](mailto:weingut@pittnauer.com)W [www.pittnauer.com](http://www.pittnauer.com)

"Our wines get all the freedom they need to unfold the details of their character", explains Gerhard Pittnauer. "They are not always and exclusively to be found in the soil or grape varieties. Sometimes they also point at us and our self-perception as winemakers. We want to reveal the energy and passion we put in the creation of our wines and make them palpable." To put these ideas into action they draw on their own experiences but also refer to the vanguard concepts of the natural wine movement which – boldly and curiously – explores new limits. There is a simple and honest feeling in the wine and spirit of Gerhard which hails from his generosity and humility. Given the reins of his vineyard in the mid-1980's, Gerhard sets forth to 'grow' wine rather than to 'make' it in the cellar, from the autochthone varietals. He did so without any viticultural doctrine until he found that there was a consistent, common thread in the wines and these wines were amazing because of biodynamics to achieve the pinnacle in his own wine. Recently (2019), the Pittnauers had just won first place as Biodynamic Winery of the Year by "Selection des GenußMagazin".

CLAUDS PREISINGER

The winery has now 19 hectares of vines. The vineyards are spread on the east side of Lake Neusiedl over three villages. The production is focused on the indigenous grape varieties Zweigelt, Blaufränkisch and St. Laurent. Merlot is back up for the blends and Pinot Noir is amusement. 2009 Claus moved to a new winery at Goldberg in Gols. The new building is very modern and now is generous space for the future production.

"The wines are my image of the nature. I try not to influence artificially in the vineyard and cellar. Also if I could amend the wine, I do not, because I want to show, what nature gives."

Small, native, none globalized, unconsulted (or personal). Emotion, passion, instinct, nose, mouth and to act spontaneously.

The Rabl Winery can be traced back to the year 1750, when it was a traditional mixed farm. In 1986 Rudolf Rabl junior (Rudi), joined his father Rudolf senior at the winery. From this moment on, the joined efforts of father and son allowed to expand the size of the winery from then 20 ha to now 80 ha of privately owned estate vineyards. Not only the size has grown, the reputation has grown with it as numerous national and international awards prove. Weingut Rabl exports 50 % of its wines and is therefore one of the best-known Austrian wineries worldwide.

Seventh-generation Bertold Salomon, one of Austria's visionary winemakers, excels with the country's two leading dry whites: Riesling and Grüner Veltliner. Salomon's forebears founded the family winery in the picturesque town of Krems in 1792. In the early 1990s, Salomon was instrumental in setting up the system for identifying the Danube region's best vineyards—an Austrian version of France's grand cru system. His family's push for quality is deep-rooted: Bert's father, Fritz, was the first to estate-bottle in the region, in 1932. The wines are produced with respect to the environment and the determination to create the highest quality wines possible without destroying the balance within the vineyards.

Our family's wine-growing estate has a very long tradition going back to 1660 when it was first mentioned. By vinification we mean our destination to produce top quality vintage wines which are typical for the local climate and soil of the Kamptal area. Due to long hours of sunshine and cool nights our wines are fruity and of fairly high alcohol content. Moreover, a subtly diversified tartness, which is caused by different types of soil and forms of viniculture, characterizes our wines. In our vineyards you can even find gravel and preexisting rocks as well as loess, which is typical of this area.

SCHLOSS GOBELSBURG is the oldest winery in the Danube appellation Kamptal with a documented viticultural history dating back to the 12th century. Cistercian monks, who originally arrived from Burgundy, received their first vineyards in 1171 and own them until today. Today the estate is concentrating on the typical expressions of the Danube appellations in all categories (regional, village, single vineyard). Beside the classical Danube wines, the estate is producing a few specialities of the Danube region. As the village LANGENLOIS became in the past few decades the epicentre of quality sparkling production, the estate produces four different sparkling cuvees. A few red wines based on the Pinot family are grown on the old Danube river bed and some sweet wines are produced on a regular basis. Another speciality is historical winemaking which is the content of the TRADITION wines, which pays homage to the traditions of the 19th century winemaking. The estate is a member of the association 'Österreichische Traditionsweingüter', who is establishing a vineyard classification system in Austria.

# SCHWARZ

**WEINGUT SCHWARZ**

Langegasse 19 | A-7163 Andau

T +43 2176 3231

E office@schwarz-weine.at

W www.schwarz-weine.at

Around twenty years ago, the trained butcher Hans Schwarz from Andau turned his previous hobby, viticulture, into a profession. As the warmest place in Austria, Andau offers the best conditions for making great wines. The Schwarz wines quickly became cult. He relied on the autochthonous Zweigelt, which is still praised as "Schwarz- Rot" by wine lovers, wine journalists, wine connoisseurs and wine restaurateurs.

The line "The Butcher" is an homage to the beginning. But since the future must not be forgotten, Michael Schwarz, who has been in day-to-day business since 2018, is now expanding the "Butcher" with international grape varieties. Michael returned after many internships abroad to continue his father's work. He is planning two new lines in the premium and basic range next year. Michael tries to achieve what is required of all young winemakers: to do everything exactly like the father, yet in a completely different way.

When it comes to fine sparkling wine from Austria the most popular name is SZIGETI from the magnificent World UNESCO Lake Neusiedler See.

Being one of Austria's leading sparkling wine producers with many high-ranking international awards and exports from Russia to USA, it is clear that Szigeti is a well-known brand.

Szigeti sparkling wine is produced using the "Méthode Traditionnelle" the classic fermentation in the bottle, which has its origin in the Champagne.

The standard of Peter Szigeti's Cellar is to always bring out the clear taste of the grape variety, which surprises with rare and new sparkling wine trends focused on tradition. Once one has tasted such an elegant glass of sparkling wine, it is more than clear why Szigeti is enjoyed to every festive occasion.

Don't forget to sparkle.

Wiener Straße 106 | A-7051 Großhöflein

T +43 664 2339 233

E office@sigmavinum.com

W www.sigmavinum.com

SIGMA VINUM is a wine design company that produces harmonious top-quality wines of all categories, typical of the variety, in cooperation with around 50 wineries. These are among the best in the country.

The autochthonous grape varieties of Austria - Grüner Veltliner and Blaufränkisch - are the focus of production. Our philosophy is to develop premium wines that give people pleasure.

Sigma wines are varietal and the characteristic of their respective variety – animating to drink – pleasantly balanced acidity – complex – long-lasting wines.

In Addition, Sigma wines are perfect as a beverage for eating because they are very luscious and help to activate the salivary gland.

## LESEHOF STAGÅRD

Hinterer Fahrstraße 3 I  
A-3500 Krems/ Stein an der Donau  
T +43 660 1917 066  
E office@stagard.at  
W www.stagard.at

The "Lesehof der Tegernseer" was an old German abbey, first mentioned in official documents in 1424; its cellar dates back even further, to the year 1000. The estate passed into private hands in 1786, following the de-consecration of the monastery. 10 generations later, the family – now in the hands of Dominique & Urban – has been pursuing an organic approach to the vineyards and cellar since 2006. The unusual name came to the organically certified winery from Urban's father, who originally hailed from Sweden. The estate's sites are among the finest names in the Kremstal. Much of the portfolio is built atop bedrock, including parcels in the some of the steepest and most revered locations of the western Kremstal, where work must be undertaken solely by hand. The climate as a whole is characterized by warm Pannonian influences from the east, but various microclimates play an equally important role. A variety of north-facing gaps and valleys allow cool air currents to flow through. The wines are vibrant and distinguish themselves mainly by two factors: spontaneous and slow fermentation & extended time on the lees.

E [wein@trapl.com](mailto:wein@trapl.com)W [www.johannestrapl.com](http://www.johannestrapl.com)

Johannes Trapl is a biodynamic working purist seeking to express the authentic character of the wines of his home region Carnuntum, about 40 km east of Vienna. Most of his vines were planted by his grandfather and are deeply rooted in the limestone, loess, gravel and clay soils. The small Spitzerberg sub-region with its limestone-dominated soil offers the possibility to produce Blaufränkisch with unique character and finesse. Johannes' credo is: "I want to feel the variety, finesse and power inherent in our vineyards – and bring as much of them as possible into the wine, with a good degree of lightness and maximum drinkability!"

Wine Maker: Johannes Trapl | Area Under Vine: 23 ha | Established: since 2004

Additional Information: certified organic since 2010, biodynamic preparations since 2015, Demeter 2020

"1000 steps guide us to good wine. The reward for our patience is an indulgence unlike any other" says Leo Uibel. Many of those steps lead this young Austrian winegrower through his roughly 7 hectares of gravel, alluvial, loess-loam and lime marl hilly vineyards on the Köhlberg in Ziersdorf (Weinviertel). He practices numerous sustainable vineyard techniques, including late summer crop thinning, hand harvest and reduced yields in the pursuit of 100 % fully ripe and healthy fruit. Coupled with minimal sulfur use, extended time on the lees and bottling based on the lunar calendar, every wine from this ascendent winemaker is a one-of-a-kind pleasure. The Winery is biodynamic and in the certification of Demeter!

The wines of the AUSTRIAN HILLS line from Austrian WEINWURM's winery are the result of earth, climate, man and culture - anything but interchangeable, rather authentic and unmistakable. Because wine has been a living culture in Austria for more than 2000 years. We are aware of our roots and have grown up with them. You can taste our love for wine. This wine line, founded by Lisa Weinwurm, carefully vinified together with her husband Georg, brings Austria's precious and tasteful culture into the bottle. And this is how it comes to life - the Austrian good life bottled.

# RAINER WESS

## WEINGUT RAINER WESS

Sandgrube 24 | A-3500 Krems an der Donau

T +43 2732 72 389

F +43 2732 72 389-20

E [info@weingut-wess.at](mailto:info@weingut-wess.at)

W [www.weingut-wess.at](http://www.weingut-wess.at)

Rainer was able to fulfill this dream with the founding of his winery in 2003, in a small rented cellar in the Unterloibner Kellergasse. Wine was made of purchased grapes from the best locations in the area. However, this cellar soon became too small and in 2009 they moved to the Krems area into an empty cellar of Wilhering Abbey. A modern, gentle and energy-saving grape reception was added to the old building. Today, the Winery Rainer Wess cultivates about 15 hectares and is a member of the Association of Austrian Traditionsweingüter. With Christina & David the second generation came to work at the Rainer Wess winery. To work together with Rainer in the pursuit of bringing the locations into the bottle - as unadulterated, inartificial and pure as possible.

WINZER KREMS is Austria's most important producer and exporter of quality wines based at SANDGRUBE 13 in Krems. "Only the best grapes are good enough" - just healthy and exclusively handpicked grapes are extracted with particular care. Temperature-controlled fermentation and maturing of the young wines in stainless steel tanks produces delicately fruity and wholesome wines. WINZER KREMS is specialized in the two autochthone grape varieties of Austria, Grüner Veltliner (white) and Blauer Zweigelt (red).

The wines from ZANTHO are made in cooperation of Umathum winery and Wolfgang Peck from Winzerkeller Andau. Josef Umathum guarantees for the high quality of the grapes and is responsible for the quality management in the vineyards. Wolfgang Peck, Managing Director of Winzerkeller Andau, is responsible for the winemaking. Together they produce on 70ha of vineyards typical wines made from indigenous grapes.

The ZANTHO wines are made in the Winzerkeller Andau under the direction of Wolfgang Peck. During the last years about 7 million Euro have been invested in the quality standard, which makes the winery to one of the most recent in the whole country. Each single wine is monitored from the vine to the bottling – 100 % traceability as a guarantee for the high quality of our wines!
