# WINE GROWING REGIONS IN AUSTRIA

## AUSTRIAN WINE - REFRESHINGLY NATURAL

Mr. Günther Sucher  
Austrian Commercial Counsellor

Small is beautiful – that is what best describes Austrian wine, when put into international perspective. Wines from Austria are now highly appreciated both by wine experts and wine lovers all around the world and can be found on almost every refined wine list. As artisanal products crafted by winemakers with a special link to their land, they consistently demonstrate their potential at international blind tastings.

Austrian wine goes very well with (spicy) Thai cuisine, as well as with Asian food in general. Up to now Thailand has been a relatively insignificant market for wines from this small country, located in the heart of Europe, that is still little known in this part of the world. But the number of local distributors of Austrian wine is increasing, so that these days you will find it in many upper-class hotels and restaurants, most of the distributors are also supplying directly to private wine connoisseurs.

We are proud to host the **2<sup>nd</sup> Austrian Wine Tasting**, this year- despite the ongoing Corona pandemic – offering the unique tastes of Austria's liquid gold from 57 leading Austrian wine producers from all wine regions in Austria!

Special words of thanks go to the **Austrian Wine Marketing Board** for assisting us to prepare this wonderful event and to the freight forwarding company **DHL**, for shipping most of the wines from Austria to Thailand!

**AUSTRIAN WINE**

Am Eichenwald 3 | A-2424 Zurndorf

T +43 2173 20899

E [sekt@a-nobis.at](mailto:sekt@a-nobis.at)W [www.a-nobis.at](http://www.a-nobis.at)

The A-Nobis sparkling winery was founded in 2018 by the experienced sparkling wine producer Norbert Szigeti together with his wife Birgit. His decades of professional experience since 1991 are the solid foundation for this. The Latin "A-Nobis" brings it to the point: it means "from us". This highlights the most important point: great sparkling wines are only possible if everyone is behind them: from the harvesters to the owners. The A also stands for Austria. Nobis symbolizes the two founders of the sparkling wine cellar: NO-Norbert, BI-Birgit and S-Sparkling wine/Szigeti. The A-Nobis sparkling wines are offered exclusively to private customers, wine shops and restaurants. The farm is certified organic and uses only regional raw materials.

Domäne Wachau, led by Roman Horvath MW and Heinz Frischengruber, has developed into one of the top wineries in Austria, with an excellent range of Wachau wines that beautifully reflect origin. The small vineyard plots in the steep terraces along the Danube River are cultivated by vintner families - the true heroes of the winery - through their intensive manual work. Craftsmanship, sustainability, and the unique biodiversity are the pillars of the vineyards that Domäne Wachau manages. Many of these vineyards are world-famous, including Achleiten, Kellerberg and Singriedel. The winery is also known for its extensive wine tourism offerings.

Weingut Dürnberg, located one hour north of Vienna, is managed by 4 friends. Dürnberg is one of the pioneering wine estates in the development of the "new Weinviertel style". Winemaker Michael Preyer is a true Weinviertler in his heart and soul - and proves year after year that what is probably Austria's least discovered wine region is filled with outstanding potential. Dürnberg offers wines that exude freshness and balance, a perfect combination of power and elegance.

It is said with good reason that Dürnberg wines combine all of the characteristics and standards that one expects from the best of Austrian wine.

W www.kracher.at

Synonymous with perfect sweet wines, Kracher is known as one of the world's famous and important sweet winemakers in the world. The Kracher winery is situated close to Lake Neusiedl at Illmitz in Burgenland. The vineyards are perfectly placed to benefit from the lake's microclimate, particularly its consistent encouragement of botrytis. This is what provides the basis for the fantastic sweet-wines such as Beerenauslese and Trockenbeerenauslese.

Today, the winery is helmed by Gerhard Kracher, the late Alois Kracher's son.

The range offered by what is undoubtedly the most widely known Austrian wine estate features the famous Trockenbeerenauslesen as well as Beerenauslesen, Auslesen, ice wine, and dry white and red wines.

Wiener Straße 106 | A-7051 Großhöflein

T +43 664 2339 233

E office@sigmavinum.com

W www.sigmavinum.com

SIGMA VINUM is a wine design company that produces harmonious top-quality wines of all categories, typical of the variety, in cooperation with around 50 wineries. These are among the best in the country.

The autochthonous grape varieties of Austria – Grüner Veltliner and Blaufränkisch – are the focus of production. Our philosophy is to develop premium wines that give people pleasure.

Sigma wines are varietal and the characteristic of their respective variety – animating to drink – pleasantly balanced acidity – complex – long-lasting wines.

In Addition, Sigma wines are perfect as a beverage for eating because they are very luscious and help to activate the salivary gland.

E [weingut@artner.co.at](mailto:weingut@artner.co.at)

W [www.artner.co.at](http://www.artner.co.at)

Our roots lay in the Carnuntum wine region where all our vineyards are situated. In ancient times the Romans have already mastered the art of winemaking - halfway between Vienna and Bratislava. Höflein is located in the Carnuntum wine region, which extends east of Vienna and at the same time south of the Danube. Strong loess and barren limestone soils as well as the Continental-Pannonian climate with the cooling influence of the Danube offer ideal conditions for our vines. As we demand a great deal of ourselves, these demands are also reflected in the quality of our wines.

E [info@weingut-christ.at](mailto:info@weingut-christ.at)W [www.weingut-christ.at](http://www.weingut-christ.at)

Respect for nature is a characteristic witnessed in the style of all the CHRIST wines – pure in the sense of authenticity. To give the wines the taste of geology and origin is one of the greatest challenges. Handling the grapes with a gentle touch is evident. Hand-picked grapes and diligent selection, with minimal intervention in the wine cellar with no fining, corrections, or sterile filtration, result in wines full of natural character and vitality. RAINER CHRIST'S philosophy is furthermore a challenge to the winery design; in the cellar, gravity is key. A CHRIST does not pump wine. Grapes and must are transported through the aid of gravity, and nothing else. Five climate zones ensure optimal ripeness. The three pillars of how winemaking is done at Weingut CHRIST, include its 400-year family tradition, its philosophy of living in touch with nature in the vineyards, as well as the innovative esprit. The carefully chosen vineyards on the sought-after Bisamberg site in Vienna are nurtured with both passion and dedication; this fusion of tradition meeting the modern reflects one of the goals set by this ambitious estate.

Christian grew up between the vines. The experiences and knowledge of his ancestors about the work in the vineyard and the close observation of nature and the vines are the foundation on which he built his courage and openness for trying new things. In 2015 he decided to produce wines under his own label. The winery is located in Deutschkreutz in Mittelburgenland and Christian is passionate about producing wines that reflect the diversity of the Central Burgenland. From light, fruity white wine to racy, Blaufränkisch reds to his complex and elegant cuvées. The winery cultivates about 15 hectares of vineyards in the best sites of Deutschkreutz.

Every wine has its maker, created in perfect harmony with nature.

Birgit Eichinger, as a winemaker, exercises great care, consistency and flair, while being deeply rooted in her homeland – the Kamp Valley. Her wines are the embodiment of elegance and strong character. Great wines are close to Birgit's mind and heart. She stands for progress not stagnation and individualism instead of mainstream. She finds her inspiration and support from her husband, Christian and daughter, Gloria. Success requires space for growth. Since it's beginnings in 1992, the winery has enjoyed continuous growth and currently boasts a total 16 hectares of prime Kamptaler vineyards. Her main variety is Grüner Veltliner. Moreover, she also cultivate Riesling, Roter Veltliner and Chardonnay. She is also a member of the eminent "Österreichische Traditionsweingüter" (ÖTW). The ÖTW is a union of some of Austria's best wineries, which classify their vineyards and have created the first catalogue of prime sites "Erste Lagen – 1ÖTW".

This excellently digestible wine made from the grape variety "Grüner Veltliner" is one of the most important white wine varieties in the world. Grown in the best locations in northern Lower Austria. The unique message of our wine "Melody of Austria" delights with its elegant scent of yellow-green apples, wrapped in pear aromas. A taste of, melodious fruit impressions, which are intensified by characteristic spice and finesse. The fresh and distinctive aroma of this wine makes it a perfect accompaniment to both modern fusion cuisine and classic Mediterranean cuisine. Goes well with fine starters, vegetables, pasta, risotto and fish, but also perfect for poultry dishes. We offer best quality of Austrian Grüner Veltliner DAC Weinviertel, represented by our gem of a winery "Strauch", in the Austrian wine capital Vienna. We love wine that meets the highest quality requirements and is perfect for vinophile connoisseurs, friendship rounds and gastronomy. Our greetings from Austria - we vouch for the highest quality.

WEIN VOM LEITHABERG

**WEINGUT ERWIN TINHOF**

Eisenstädter Straße 10 | A-7061 Trausdorf

T +43 2682 626 48

E [wein@tinhof.at](mailto:wein@tinhof.at)W [www.tinhof.at](http://www.tinhof.at)

Erwin Tinhof owns vineyards in Eisenstadt, that grow on the slopes of the Leitha Mountains. The grapes nurtured are indigenous varieties, and this has been so for 11 generations. The 18-hectare estate is cultivated in tune with local nature; Erwin Tinhof practises dry farming and does not apply any use of insecticides or herbicides, nor artificial fertilisation, to any of his vines. The estate vineyards are up to 55 years old, and contain grape varieties that are virtually completely Austria, such as the white Neuburger and Weissburgunder (Pinot blanc) as well as the black varieties Blaufränkisch and increasingly Sankt Laurent. The wines are produced from estate vineyards and following a hand harvest and winemaking with minimal intervention, the wines are bottled in the Tinhof winery. Effective from the 2012 harvest, the winery became a certified naturally organic producer.

Katrin & Kurt Feiler are running the Feiler-Artinger winery in the heart of the freetown of Rust today in 3rd generation. 26 ha of vines are grown on the gentle slopes of the „Ruster Hügelland“, a chain of hills surrounding the village. Since 2008 the vineyards are certified bio-dynamic (respekt-BIODYN).

Unique for Austria is the mowing of our green cover with our 3 cows. For helping bees and other insects and increasing biodiversity we planted 700 traditional peach trees in the vineyards.

The wines in the bottles are world class in their style and covering the so called „trilogy of Rust – e.g. dry whites – reds – noble sweet wines (Ruster Ausbruch)“.

F +43 2734 2239 4

E [weingut@loimer.at](mailto:weingut@loimer.at)

W [www.loimer.at](http://www.loimer.at)

Fred is one of the best white wine producers of Austria. His Riesling and Grüner Veltliners are amongst the very best examples of the Kamptal region.

For Fred, authentic wines are always distinguished by their roots. They tell a story. Fred's wines tell of their origin, of the power of nature and the respectful treatment of soil, plants, animals and people. The result is pure origin: individual wines, shaped by their place of origin, created to the rhythm of nature. With patience, precision and minimal influence, independent, sometimes controversial ... and always authentic.

Fred is also the co-founder of Respekt BIODYN association that certifies biodynamic vineyard practices and in 2002 was named "Winemaker of the Year" by Austria's Falstaff wine magazine.

Tradition since 1876 - Fuchs winery is a family owned business with a long tradition in cultivating wine. The Fuchs family has been growing wine for three generations and follows a tradition that started over 200 years ago in Germany. Today, the brothers Adolf & Heinrich Fuchs run the family business. They manage wineries and vineyards in two different locations. The company headquarter is located in Glanz in southern Styria. The second location is in Podersdorf at Lake Neusiedl in Burgenland.

Our product portfolio consists of premium white and red quality wines. The product range includes internationally well known wine varieties such as Sauvignon Blanc, Chardonnay, Pinot Blanc, Cabernet Sauvignon and Pinot Noir as well as typically local varieties such as Grüner Veltliner, Blauer Zweigelt and Blaufränkisch.

The ambition to produce fresh and fruity wines constitutes the foundation for our successful business philosophy. The white wines age in stainless steel tanks in order to emphasize their freshness. The red wines mature either in stainless steel tanks or in oak barrels.

# HANS IGLER

**SCHAFLERHOF**

## WEINGUT HANS IGLER

Schaflerhof 1 | A-7301 Deutschkreutz

T +43 2613 80365 60

E [info@hans-igler.com](mailto:info@hans-igler.com)

W [www.hans-igler.com](http://www.hans-igler.com)

The Weingut HANS-IGLER is an Austrian family business since more than 50 years. The quality begins in the vineyards and they act accordingly. Their close-to-nature approach to viticulture (green fertilization, mechanical tillage, etc.), low yields of grapes per hectare (by breaking off the shoots and thinning out the grapes, etc.), a late and gentle harvest as well as the careful processing represent the basis of the quality wines typical of the region.

Naturally, the know-how contributes to the success but also the meticulous handling of the product in the cellar in order to develop the quality in the best way possible, makes its contribution. In the future, Clemens Reisner, son of the family, who has been responsible for the cellar since 2010, is planning to focus even more on the indigenous red wines from the Blaufränkischland, with their individual characteristics, and promote their deserved place on the international basis.

T +43 2173 3176

E [weingut@heinrich.at](mailto:weingut@heinrich.at)W [www.heinrich.at](http://www.heinrich.at)

Gernot and Heike handcrafts Austria's greatest wines. Their work with a handful of autochthonous grape varieties led by Blaufränkisch had put their reds on the top 5 highest scoring Austrian reds by the world's most reputable wine critics and publications.

Their idea of terroir wines is based on a deep understanding of the diverse living environments within their vineyards. Attentive observation of nature, biodynamic cultivation, unbridled biodiversity above and below the earth's surface. The aim is to create a natural balance in which vines, people, plants and animals act in symbiosis and form the decisive elements of a whole.

The results are vibrant and vital wines that are puristic and strong in character as they reveal the essence of their specific places of origin.

F +43 2610 42034 40

E [info@hundsorfer.at](mailto:info@hundsorfer.at)W [www.hundsorfer.at](http://www.hundsorfer.at)

Early efforts of wine growing in the city of Neckenmarkt can be traced back to the 14th century. For the family Hundsorfer the most important aspect of their work is a responsible relationship with the vineyards nature and environment. "Only through conscious work in and with nature, one can identify with it and its product", explains Hundsorfer. Certainly, their vineyard's terroir has a lot to offer. The soil contains Orthogneiss, mica slate, loess and loam, as well as chalk, which enables the winegrowers to create a manifold ensemble of wines. These wines excite enthusiasts and critics even-handedly. Hundsorfer wines have been state champions of the Burgenland seven times, are two time national champions and Falstaff type champion as well. The winery itself was rated highest during the Burgenland state awards and for a long time the most difficult competition, the Salon Österreichischer Wein, has featured various Hundsorfer vintages.

The estate, founded in 1998 by Johannes Gebeshuber, is located in the historic town of Gumpoldskirchen, thirty kilometres south of Vienna in the Thermenregion, a winegrowing region named for the local thermal springs. Johannes has focussed precisely upon those grape varieties that have made Gumpoldskirchen famous and held in high regard, far beyond the borders of Austria: the white varieties Zierfandler & Rotgipfler, as well as the reds Sankt Laurent & Pinot Noir. Today Johannes and his two sons Ferdinand and Paul are working with biodynamic principals in order to get the best quality possible out of the prehistoric limestone soil.

E [wein@trapl.com](mailto:wein@trapl.com)W [www.johannestrapl.com](http://www.johannestrapl.com)

Johannes Trapl is a biodynamic working purist seeking to express the authentic character of the wines of his home region Carnuntum, about 40 km east of Vienna. Most of his vines were planted by his grandfather and are deeply rooted in the limestone, loess, gravel and clay soils. The small Spitzerberg sub-region with its limestone-dominated soil offers the possibility to produce Blaufränkisch with unique character and finesse. Johannes' credo is: "I want to feel the variety, finesse and power inherent in our vineyards – and bring as much of them as possible into the wine, with a good degree of lightness and maximum drinkability!"

Wine Maker: Johannes Trapl | Area Under Vine: 23 ha | Established: since 2004

Additional Information: certified organic since 2010, biodynamic preparations since 2015, Demeter 2020

Organic not because it is fashionable, but because we have been living it for 38 years. Because we do not like chemistry, not in the environment, not in the water, not in the food and after all not in the wine. On healthy soil do not only grow vital grapes but also more exciting wines; especially if the development of wine in the cellar is given free rein to.

**OUR WAY: BIO-DYNAMIC**

Circular economy: selfmade compost as fertilizer and conditioner, herbs grown in the own vineyard as retreat area and habitat for useful creatures as well as the basis of our extracts. Individual wine-growing maturing: fermentation of partial amounts in the amphorae, intercellular fermentation and sulfur-free storage of the NUMEN wines; adding of berries and cool climate vineyard selections for PARCELLAIRE wines.

**White Wine, Red Wine, Dessert Wine**

The Jonny Wegleitner winery is located in the heart of the Seewinkel in Apetlon in Burgenland. Surrounded by small salt and soda lakes, which are of great importance for the region and sweet wine production, the vineyards are located in the best places of the region. The winemaker had an early interest in wine production and has been running the business with his family since summer 2011, which he took over from his parents for a tradition. As an all-rounder, he has been taking care of marketing, sales and the cellar work, as well as the important work in the vineyards with the support of his son Fabio. Exact quality controls and the love for good wines are reflected in the strong red wines and fruity whites lovely sweetwines from Jonny Wegleitner. We produce wines which are typical for the Seewinkel in Burgenland - Fruity white wines, fruity, structured and strong red wines as well as high-quality sweet wines.

Our main grape Zweigelt in all variations from light to strong, dry to sweet, rosé to deep dark, Frizzante and PetNat

## JOSEF EHMOSER

### WEINGUT JOSEF EHMOSER

A-3701 Tiefenthal, 9

T +43 2955 704 42

E office@weingut-ehmoser.at

W www.weingut-ehmoser.at

With great passion, Weingut Josef Ehmoser cultivates first-class vineyards on a prominent ridge of loess hills in the eastern part of the Wagram region. And this is rooted in very clear guidelines - a nature-oriented way of working, sustainability that has been practiced for generations, and uncompromising quality.

Josef and Martina Ehmoser trust in the way of their ancestors and focus on traditional wines – born from pure harmony of soil, climate and variety. Every bottle represents something typical and original from the Wagram. A unique, straightforward wine with charisma – a wine that makes a statement. The main variety is Grüner Veltliner, which thrives in the characteristic loess soils. But the Ehmosers' passion is also poured into Weissburgunder (Pinot Blanc), which of course is harvested exclusively by hand. Member of the Österreichische Traditionsweingüter.

We are winegrowers with heart and soul in Neckenmarkt. 30 years ago, our family decided to bid farewell to the stables and fields, the cattle and grain and to focus entirely on viticulture, which, up to that moment, had only played a minor role. Our unique, multi-layered soils and the mild climate provided us with the ideal preconditions for growing high-quality red wine varieties, in particular the Blaufränkisch.

Georg presses his wines with great enthusiasm and passion. His philosophy: „I don't want to create wines but would like to sensitively follow and accompany the maturation of the wine in the cellar. In doing so, each of our wines may develop its individual character and taste.“

Rotweinweg 1 | A-7301 Deutschkreutz

T +43 2613 89722

E kirnbauer@phantom.at

W www.phantom.at

K+K Kirnbauer – A kingdom for a grape! The K+K Kirnbauer estate beguiles with rich, fruity premium wines featuring expressive characters. The absolute highlight is their famous red wine 'Das Phantom', which kick-started Austria's successful cuvee wine culture in 1987. The love for wine-making has been passed down from generation to generation in the Kirnbauer family. The unique microclimate, the heavy soils and 300 days of sunshine every year, create the perfect environment for viticulture in the Burgenland. In order to keep it that way, the concept of vintner Markus Kirnbauer goes far beyond just 'organic' - he also ensures the winery's CO2 emission is as low as possible and in addition the estate generates its own electricity.

Although the most commonly produced wine of the Burgenland region is the Blaufränkisch, at K+K Kirnbauer everything revolves around the blends. Above all stands their prestigious flagship red wine 'Das Phantom', one of Austria's most famous reds. It is a full-bodied, deep garnet red marriage of Lemberger, Merlot, Cabernet Sauvignon and Shiraz.

Were we to describe the Krutzler-wines with only one phrase it would be:  
 Multi-layered and versatile

Reinhold Krutzler says, "Each of our wines displays elegance, suppleness and highly refined mineral character. We strive to bring out the unique texture, fruit and finesse that our region imprints on each wine. The firm tannin structure of our top wines requires bottle maturation to marry perfectly with the fruit." For Reinhold Krutzler the term "mature" applies for wines at least five years old.

The style evolved slightly, but changed not dramatically over the years. Reinhold Krutzler

**Weingut Leth – Loess & Passion for Veltliner**

The Leth winery, one of the leading properties in the Wagram region is located in Fels, 52 hectares of vineyards are run by family Leth, directly on the terraces of the Wagram hillside. The deep loess soils are excellently suited for Grüner Veltliner, half of the area under vine is planted with this variety. Due to the rather cooler climate condition along the Danube river valley, Riesling plays a major role too. Organic farming standards, hand picking and a strong dedication to terroir reflection will allow to produce wines of distinct character, standing out for their combination of drinkability as well as complexity. Being a member of the growers association "Österreichische Traditionsweingüter", the top single vineyard wines are labeled as "Erste Lage ÖTW" and finding their way to the customers throughout Europe, America and the Far East.

Tradition. Origin. Individuality.

Our winery is located in Furth-Palt, in the southern Kremstal. Here we cultivate 10 hectares of vineyards around the Göttweiger Berg. The winery is now run by the second generation of women – Marlies, who took over from her mother Helma. The female finesse can be felt in the wines; we attach great importance to tradition, origin and individuality. As much as necessary, as little as possible, that's the principle we work by. The focus is on Grüner Veltliner and Riesling, but we also vinify Burgundy, Rosé & Muskateller, as well as three sparkling wines according to the traditional method. In addition, we are currently converting to organic farming.

# NEUMEISTER

**WEINGUT NEUMEISTER**

A-8345 Straden, 42

T +43 3473 8308

E [weingut@neumeister.cc](mailto:weingut@neumeister.cc)W [www.neumeister.cc](http://www.neumeister.cc)

Christoph Neumeister is the third generation to run the renowned winery. The organically cultivated vineyards are steep and feature meagre limestone-sediment soils. The Illyrian-Pannonian combination climate and high precipitation levels can make cultivation challenging but allow a long growing season and late harvest. In the cellar, thoughtful and careful work is emphasized, including long maceration on the skins, spontaneous fermentation, long yeast contact periods and a late bottling. The results are structured and elegant wines with clear terroir. The premium wines come from top sites Saziani and Moarfeitl as well as Klausen and Steintal. In addition, the family runs the Saziani Stub'n restaurant and the boutique hotel Schlafgut Saziani.

E [weingut@pittnauer.com](mailto:weingut@pittnauer.com)W [www.pittnauer.com](http://www.pittnauer.com)

"Our wines get all the freedom they need to unfold the details of their character", explains Gerhard Pittnauer. "They are not always and exclusively to be found in the soil or grape varieties. Sometimes they also point at us and our self-perception as winemakers. We want to reveal the energy and passion we put in the creation of our wines and make them palpable." To put these ideas into action they draw on their own experiences but also refer to the vanguard concepts of the natural wine movement which – boldly and curiously – explores new limits. There is a simple and honest feeling in the wine and spirit of Gerhard which hails from his generosity and humility. Given the reins of his vineyard in the mid-1980's. Gerhard sets forth to 'grow' wine rather than to 'make' it in the cellar, from the autochthone varietals. He did so without any viticultural doctrine until he found that there was a consistent, common thread in the wines and these wines were amazing because of biodynamics to achieve the pinnacle in his own wine. Recently (2019), the Pittnauers had just won first place as Biodynamic Winery of the Year by "Selection des GenussMagazin".

quite large – on a small scale

Yes, our business is small but exclusive. Many private customers and gastronomers have come to know, appreciate and savour our consistently fine wines. From Austria and Germany all the way to the US.

flying high to stay on the ground

The majority of our approximately 17-acre vineyard is for whites, but we also make fine, full-bodied reds. We place great value on craftsmanship, and I think you'll be able to tell the difference. The conscious avoidance of pesticides and active crop management in the vineyards are already a matter of course, first steps into organic farming have been made.

"Take time to find pleasure in wine and in life. It's worth it."

Cheers – Rupert Reinberger – owner & winemaker

# RAINER WESS

## WEINGUT RAINER WESS

Sandgrube 24 | A-3500 Krems an der Donau

T +43 2732 72 389

F +43 2732 72 389-20

E [info@weingut-wess.at](mailto:info@weingut-wess.at)

W [www.weingut-wess.at](http://www.weingut-wess.at)

Rainer was able to fulfill this dream with the founding of his winery in 2003, in a small rented cellar in the Unterloibner Kellergasse. Wine was made of purchased grapes from the best locations in the area. However, this cellar soon became too small and in 2009 they moved to the Krems area into an empty cellar of Wilhering Abbey. A modern, gentle and energy-saving grape reception was added to the old building. Today, the Winery Rainer Wess cultivates about 15 hectares and is a member of the Association of Austrian Traditionsweingüter. With Christina & David the second generation came to work at the Rainer Wess winery. To work together with Rainer in the pursuit of bringing the locations into the bottle - as unadulterated, inartificial and pure as possible.

The Sattlerhof-winery is a small, family owned and managed estate in the middle of the breathtaking south styrian hills. The Südsteiermark-Landscape is both beautiful and challenging: The extreme weather conditions allow vinegrowing only on the steep slopes of the hills where the grapes can get enough sun to slowly develop their flavour. To get a maximum of quality, all grapes of the estate are harvested and very carefully selected by hand. The yields are held very low to get the maximum concentration of terroir-specific aromas into the wines. All vineyards of the estate are cultivated biodynamic, to keep them healthy for generations, as old vines are one of the key foundations for the high quality and the aging potential of the Sattlerhof-wines. The combination of all these factors is it, that make Südsteiermark and the Sattlerhof-estate to a very unique place, where Sauvignon Blanc together with some other Variety's develop a complexity and flavour that can last and develop for decades in the bottle.

Uwe Schiefer, one of the top producers of the wine growing region Südburgenland, works on 25 hectares mainly located on the finest vineyard of the region, the "Eisenberg", a steep schistous hillside and nearly all planted to the local grape Blaufränkisch. His aim is to take out the special character of the soil, clay with a big amount of iron, in his wines without using modern technology. The grapes are handled very carefully and he obtains from any filtration and fining. Flagship is the Blaufränkisch Reihburg 2021 with 20/20 points from René Gabriel: first time for an Austrian Red Wine!

SCHLOSS GOBELSBURG is the oldest winery in the Danube appellation Kamptal with a documented viticultural history dating back to the 12th century. Cistercian monks, who originally arrived from Burgundy, received their first vineyards in 1171 and own them until today. Today the estate is concentrating on the typical expressions of the Danube appellations in all categories (regional, village, single vineyard). Beside the classical Danube wines, the estate is producing a few specialities of the Danube region. As the village LANGENLOIS became in the past few decades the epicentre of quality sparkling production, the estate produces four different sparkling cuvees. A few red wines based on the Pinot family are grown on the old Danube river bed and some sweet wines are produced on a regular basis. Another speciality is historical winemaking which is the content of the TRADITION wines, which pays homage to the traditions of the 19th century winemaking. The estate is a member of the association 'Österreichische Traditionsweingüter', who is establishing a vineyard classification system in Austria.

We are family! And we've been around a long time – for 7 generations we have been living, loving and labouring here in Deutsch-Schützen. One could say that we are a family wine estate – it suits us. The region extending before us from our veranda is Southern Burgenland, and the Eisenberg is our mountain. This is where we are from and this is where we belong; it represents our heritage, origins and home. The Eisenberg and its surrounds are home to our vineyards which, after receiving much love and care from us year after year, gift us grapes. The majority of these grapes are red, respond to the name Blaufränkisch and are causing much furore in Austria as well as in the big wide world. We must humbly admit that we are quite proud of that. "Hands-off" winemaking is our approach. Sounds a bit lazy, but actually only our wines are allowed to do nothing as we give them plenty of time to mature. We, on the other hand, work hard day and night – organically, true to our soils and down to earth in the most literal sense. That is our philosophy and the secret to our success, and by pouring yourself a glass of wine, you become part of it all.

## Introducing Walter Skoff – Mr. Sauvignon

Walter Skoff's love of winemaking is ubiquitous and has turned into a passion concerning one type of wine in particular: He is enamoured with Sauvignon Blanc. It is not without reason that experts respectfully refer to him as Mr. Sauvignon. With fine feeling and in perfect harmony with nature, Walter Skoff manages to bring out the seemingly infinite facets of this type of wine like no one else does—without interfering with the authenticity of the grape variety. He draws on plentiful resources. Our thirteen vineyards include famous names such as Grassnitzberg, Kranachberg, Obegg and Hochsulz. Each has its own unique style—a paradise of flavours.

Aldo Sohm, the winner of the Best Sommelier in the World 2008 and Wine Director at the famed Le Bernardin in New York, and Gerhard Kracher of the legendary sweet wine winery have been best friends for over a decade.

The idea to produce a wine together – under the name of Sohm & Kracher – began in 2009. As with many great ideas, the wine was created during a wine and dining experience. Both Gerhard and Aldo cherish indigenous grape varieties and they have a soft spot for Grüner Veltliner. The origin of the grapes for the wine is Weinviertel, where old vines are found growing on unique soil formations. The first wine was a single varietal Grüner Veltliner, and it was a huge success. Top ratings appeared virtually immediately in international magazines like Wine & Spirits. The following vintages also sold out very quickly.

Since its foundation in 1114 Stift Klosterneuburg monastery has been cultivating wine, making it the oldest winery of Austria. With a total vineyard area of 108 hectares in the best locations of Klosterneuburg, Vienna, Gumpoldskirchen and Tattendorf it counts among the most renowned wine estates in the country. The various soils and the different microclimates in these 4 regions provide for the possibility to cultivate each grape variety in the ideal terroir. The cellars of unique baroque architecture reaching five levels down to a depth of 36 meters, are the place where the multiple awarded wines of Stift Klosterneuburg are being crafted. The wine regularly receives highest national and international awards. As pioneers in the field of sustainability and climate protection Stift Klosterneuburg is Europe's first carbon neutral winery since 2009.

The Tegernseerhof, located in Unterloiben in the UNESCO World Cultural Heritage – WACHAU - boasts a tradition dating back to the year 1002. The original facilities were built in 1176 by the Benedictine community of the Tegernsee Abbey. Today, Martin Mittelbach is the sixth generation of owners and the current part of this history. The name has been preserved, like the ancient knowledge of viniculture, passed on from one generation to the next. The vineyards are located on the best slopes of the Wachau region. The Tegernseerhof is a member of the exclusive association "Vinea Wachau", therefore the vinification follows the strict regulations of the "Codex Wachau".

Umathum winery is mostly known for its authentic red wines like Zweigelt, Sankt Laurent and Blaufränkisch which are available as elegant classic wines as well as characterful single vineyard selections. Josef Umathum produces also some fascinating white wines. He has re-established the original Pannonian white grape variety Lindenblättriger (linden leaf) in Burgenland region and furthermore works with rare varieties like Gelber Traminer and Grauer Burgunder. A vast diversity of soil types like schist, limestone, clay and gravels is being cultivated. The most important single vineyard sites are Ried Hallebühl (Zweigelt), Vom Stein (Sankt Laurent), Haideboden (regional blend) and Kirschgarten (Blaufränkisch) the last is situated in the only stone-terraced vineyard in Burgenland region.

W www.zahel.at

At Zahel, winemaking is working closely with nature, using methods that leave our vineyards as untouched as possible. After a decades-long commitment to rejecting pesticides and embracing a natural approach, we received our organic certification in 2017 and since 2018, cultivate our vineyards biodynamically. We feel strongly that these practices not only produce better wine but will allow our vineyards to thrive for generations to come. The varied terroir of each region ranges from flysch sandstone to loess to Dolomite chalk and in concert with numerous micro-climates, provides a basis for world-class wines. In this unique sense, Vienna's diverse terrain reflects the multi-faceted nature of city itself. Alongside our nature-driven approach to cultivating our vineyards, we appreciate that good bottle results not only from top-quality grapes, but months of careful craftsmanship. Crushed where necessary, pressed, fermented and aged, we use a light but experienced hand, respect for tradition, and great passion to bring character and precision to each Zahel wine.

Our family's wine-growing estate has a very long tradition going back to 1660 when it was first mentioned. By vinification we mean our destination to produce top quality vintage wines which are typical for the local climate and soil of the Kamptal area. Due to long hours of sunshine and cool nights our wines are fruity and of fairly high alcohol content. Moreover, a subtly diversified tartness, which is caused by different types of soil and forms of viniculture, characterizes our wines. In our vineyards you can even find gravel and preexisting rocks as well as loess, which is typical of this area.

#### 1 | White Wine

##### **Grüner Veltliner 2020**

"Alte Reben"

Kamptal, Lower Austria

AL 13,50 % | RS 2,10 g/l | AC 5,50 g/l
