CALL FOR SPONSORS

Austrian Screenwriting Showcase by Casino Theatre

Presented by the Austrian Trade Commission and Casino Theatre. The event is made possible in part with financial support from go-international, a joint initiative of the Austrian Federal Ministry for Economy, Energy and Tourism and the Austrian Federal Economic Chamber.

This Screenwriting Showcase spotlights Austria's most promising unproduced film and TV projects - many backed by local funding and established production companies. Created in collaboration with Casino Theatre, a Hollywood-based live talent showcase, the event offers a dynamic new way to introduce international content to the U.S. market.

Each project is brought to life through a 5-minute live performance by professional actors in character, giving industry guests an immediate, immersive sense of the story's tone and cinematic potential.

The event is slated to be part of NeueHouse's official cultural programming in their iconic Studio A in Hollywood.

A New Kind of Trade Show - Timed with AFM

Strategically aligned with the American Film Market (AFM), when global buyers and industry leaders are already in Los Angeles, the showcase maximizes visibility and deal-making potential for Austrian creatives. Replacing traditional pitch sessions with live theatrical storytelling, it merges culture, commerce, and co-production in a way that's as emotionally engaging as it is professionally effective.

This is not just another market - it's a curated, high-impact experience designed to foster real industry connections and spark international collaboration.

We're now in the final stretch of securing the remaining production support and are excited to bring this special night to life.
